recordings of a live presentation of public speaking Since public speaking is performed before a live audience there are certain unique considerations that need to be addressed by the speaker We ll expand on those shortly but let s first take a quick look at what we have compiled in the book In this book you will get to know about What is Public speaking Evolution of Public Speaking How to acquire confidence before the audience The 10 principles of Successful Public speaking For a better understanding of the book please give it a read Guaranteed Formula for Public Speaking Success Everett Ofori,2011-11-17 Public Speaking your shortcut to distinction Dale Carnegie the father of modern public speaking training had a long list of students whose rise to prominence demonstrated that public speaking is indeed a shortcut to distinction This continues to hold true In every class club community county country or even continent men and women who can express themselves well in public find themselves on the fast track to success The parade of individuals who have risen from obscurity to public prominence on the strength of their public speaking abilities include the following Abraham Lincoln Winston Churchill Sojourner Truth Nelson Mandela Dr Martin Luther King Jr Malcolm X Hillary Clinton Cornel West Junichiro Koizumi Barack Obama Barbara Jordan and Anthony Robbins Guaranteed Formula for Public Speaking Success will allow you to 1 Discover a variety of concrete techniques to become a versatile speaker 2 Improve your speaking skills quickly 3 Master impromptu speaking skills and 4 Review the ingredients of a winning speech About the Author Everett Ofori MBA Heriot Watt University Scotland has extensive experience as an instructor of English as a Second Language Writing and Public Speaking He has provided training in communication for consultants and staff at companies such as Goldman Sachs Disney Japan Mizuho Corporate Bank JP Morgan McKinsey Accenture and ExxonMobil Everett is a longstanding member of Toastmasters International and holds the Advanced Communicator Silver designation Success Through Public Speaking Joseph T. Karcher,2011-03-10 It took about one year to write this book about five years to get started on it and over thirty years to accumulate the information and experience which I have endeavored to outline herein As I look back over 30 years of this diversified experience I sometimes like to pause and attempt to analyze the several turning points in my own life which took me successively through careers in the fields of law public office industry and writing I have no doubt about it that it was the preparation and training in public speaking which enabled me when the time was propitious ripe for action when the psychological moment had arrived to stand up to speak up and to make the most of the opportunity presented I could recount numerous instances in my own career and in those of my friends and acquaintances where a single talk started a whole chain of events like the ripples made by a pebble thrown into a lake extend even to the farthest shores It is for this reason that I feel so strongly about the potentialities of the power of speech If I were asked to list the essential for success in almost any line of human endeavor the ability to speak would be high on any such list Of course this ability alone will not bring lasting success Education training and experience in your particular field are the only true foundations for lasting success My point is simply this that a man may have all these and be exceptionally competent and yet not be successful in the

generally accepted sense of that word In many such instances you will find that his primary weakness is his lack of ability to express himself clearly cogently convincingly If he achieves this additional capacity and adds it to his basic competence in my opinion he cannot help but succeed In other words assuming always that he knows what he s talking about all he has to do is stand up speak up and succeed
