## **Steel For The Mind Samuel Johnson And Critical Discourse:**

"Steel for the Mind" Charles H. Hinnant, 1994 In contrast to the views of many eighteenth century critics from Addison to Lord Kames Johnson maintains that mimesis necessarily implies the absence of what it purports to represent and thus can never achieve what Kames calls ideal presence

The Poetic Enlightenment Rowan Boyson, 2015-10-06 The essays in this edited collection look at the role of poetry in the development of Enlightenment ideas As scholarly disciplines began to emerge anthropology linguistics psychology the ancient art of poetry was invoked to create new ways of defining and expanding this philosophy of human science

**Johnson's Critical Presence** Philip Smallwood, 2017-07-05 Johnson's Critical Presence demonstrates how Johnson's criticism has for long been divided from the issues of modern criticism by historical narratives that have marked the progress of criticism from classic to romantic The image of Johnson constructed by his immediate antagonists has been preserved by the routines of historical representation and mediated to the present day most recently by the characterizations of radical theory By an in depth analysis of major works by Johnson Smallwood argues that the historicization of eighteenth century criticism can be more fruitfully understood in the light of the dialogic and translational historiography of such thinkers as Collingwood and Ricoeur and that the contexts of Johnson's criticism must include the poetry he read as well as the theories he espoused In this way the book reinstates Johnson's presence as critic while displacing the history of ideas as the leading paradigm for conceptualizing the history of criticism

**Johnson Re-Visioned** Philip Smallwood, 2009-04 How far does Johnson's mind touch the critical consciousness and how far is the modern experience of his writings a form of historical knowledge This title includes essays by British and American scholars who seek to answer these questions from a sequence of argued perspectives

*Minds in Motion* Anne M. Thell, 2017-08-31 The central claim of *Minds in Motion* is that British travel writing of the long eighteenth century functions as an epistemological playing field where authors test empiricist models of engagement with the world while simultaneously seeking out the role of the self and the imagination in producing knowledge Whether exploring the relationship between the senses and the mind the narrative viability of experimental detachment or the literary dynamics of virtual witnessing eighteenth century travel authors persistently confront their positionality and raise difficult questions about the nature and value of first hand experience In one way or another they also complicate empiricist ideals by exploring the limits of individual perception and the role of the imagination in generating and relating knowledge While the genre is often viewed as either numbingly documentary or non literary and commercial travel literature actually operates at the front line of the period's intellectual developments illustrating both how individual writers grapple with philosophical ideals and how these ideals filter into the lives of ordinary people Indeed travel literature directly engages the scientific and philosophical concerns of the period while it is also widely avidly read as such it offers models for cognitive and rhetorical practices that are evaluated and either embraced or rejected by readers in a process of identification not unlike that which occurs in early

English fiction Moreover because eighteenth century travel literature is so crucial to the development of so many fields from botany to the novel it illustrates vividly the divisive energies of discipline and genre formation while also archiving the shared aims and methods of what will become discrete fields of study Travelogues as diverse as Margaret Cavendish's *Blazing World* 1666 and Samuel Johnson's *Journey to the Western Islands of Scotland* 1775 reveal the epistemological circuitry of the eighteenth century and historicize the absorption of the philosophical tendencies that have come to define modernity

The Age of Johnson, 1988      **The life of Samuel Johnson ... together with A journal of a tour to the Hebrides. Repr. of the 1st ed., to which are added mr. Boswell's corrections [&c.] Ed., with new notes, by P. Fitzgerald** James Boswell, 1888      *Law, Sensibility, and the Sublime in Eighteenth-century Women's Fiction* Susan Chaplin, 2004 This work offers firstly a fresh historical philosophical and cultural interpretation of the relation between the eighteenth century discourse of sensibility the sublime and the theory and practice of eighteenth century law Secondly the work exposes and explores the influence of this combination of discourses upon the formation of gender identities in this period The author argues that it is only through a study of the convergence of these key eighteenth century discourses that changing conceptualisations of femininity can fully be understood Thirdly it examines the presence within eighteenth century fiction by women of a new female subject Novels by women in this period Chaplin posits begin to reveal that the female subject position constructed through the discourses of law sensibility and the sublime gives rise for women to a feminine ontological crisis that may be seen to anticipate by two hundred years the trauma of the post modern male subject unable to present a unified subjectivity to himself or to the world This feminine crisis finds expression within a range of female fiction of the mid to late eighteenth century in Charlotte Lennox's anti romance satire Frances Sheridan's conduct book novels the Gothic romances of Radcliffe and Eliza Fenwick and the sensationalistic horror fiction of Charlotte Dacre Concentrating upon these writers Chaplin argues that their works speak of dread on behalf of women in this period and to varying degrees challenge discourses that construct femininity as a highly unstable barely tenable subject position Combining the works of Lyotard and Irigaray to formulate a new feminist reading of the eighteenth century discourse of the sublime this study offers fresh insights into the culture and politics of the eighteenth century It presents highly original readings of well known and lesser known literary texts that interrogate from fresh perspectives the complex theoretical issues pertaining to

**The Eighteenth Century**, 1974      **The Life of Samuel Johnson, LL.D.** James Boswell, 1888      *The Life of Samuel Johnson ... Comprising a Series of His Epistolary Correspondence and Conversations with Many Eminent Persons* James Boswell, 1890

The Life of Samuel Johnson, L.L.D. James Boswell, 1916      *John Keats and the Ideas of the Enlightenment* Porscha Fermanis, 2009 This innovative study provides a major reassessment of Keats intellectual life by considering his often overlooked engagement with a formidable body of eighteenth century thought

The Scriblerian and the Kit-Cats, 1994

The Life of Samuel Johnson James Boswell, 1882      *1650-1850*, 1994      **The Life of Samuel Johnson, LL.D.,**
