Gullbekk, 2015-05-28 Bringing together essays from experts in a variety of disciplines this collection focuses on the interaction between money and the church in northern Europe in order to challenge current understanding of how money was perceived understood and used by medieval clergy in a range of contexts It provides wide ranging contributions to the broader economic and ethical issues of the period demonstrating how the church became a major force in the process of monetization

Money and the Church in Medieval Europe, 1000-1200 Giles E. M. Gasper, Svein H. Gullbekk, 2016-03-09 Bringing together essays from experts in a variety of disciplines this collection explores two of the most important facets of life within the medieval Europe money and the church By focusing on the interactions between these subjects the volume addresses four key themes Firstly it offers new perspectives on the role of churchmen in providing conceptual frameworks from outright condemnation to sophisticated economic theory for the use and purpose of money within medieval society Secondly it discusses the dichotomy of money for the church and its officers on one hand voices emphasise the moral difficulties in engaging with money on the other the reality of the ubiquitous use of money in the church at all levels and in places within Christendom Thirdly it places in dialogue interdisciplinary perspectives and approaches and evidence from philosophy history literature and material culture to the issues of money and church Lastly the volume provides new perspectives on the role of the church in the process of monetization in the High Middle Ages Concentrating on northern Europe from the early eleventh century to the beginning of the thirteenth century the collection is able to explore the profound changes in the use of money and the rise of a money economy that this period and region witnessed By adopting a multi disciplinary approach the collection challenges current understanding of how money was perceived understood and used by medieval clergy in a range of different contexts It furthermore provides wide ranging contributions to the broader economic and ethical issues of the period demonstrating how the church became a major force in the process of monetization

Studies and Texts - Pontifical Institute of Mediaeval Studies, 1955 **Maxims** Saint Stephen (of Muret), 2002 *The Life of the Jura Fathers*, 1999 Around the year 435 just before the time of Saint Benedict a middle aged man named Romanus felt drawn to the solitary life Leaving his family he entered the dense forests of the rugged Jura Mountains in eastern France There he was soon joined by his brother Lupicinus and many years later by a disciple Eugendus all three of whom are still revered in the local area This first English translation of the Life of these Jura Fathers supplies a chapter long missing in anglophone monastic history and conveys significant information on early Christian Gal its Church and the implantation of monasticism

Excerpts from the Works of Saint Augustine on the Letters of the Blessed Apostle Paul Saint Augustine (of Hippo), Saint Bede (the Venerable), 1999 Best known for his historical and exegetical works Bede is here seen as the silent compiler Bede makes use of and adds to the excerpts from Augustine s writings compiled by Eugippius a Neopolitan who in the Seventh Century collected meaningful passages from Augustine s Commentary on the Letters of Paul for his monks Bede then arranged these excerpts in the order of Paul s letters as we have them today Bede s compilation which was vastly important in the evolution of later theology is available now for the first time in English provided by publisher [Grace Can Do More](#) André Louf, 2002 Spiritual accompaniment patient listening and honest openness has become widespread among Christians of many traditions in recent years Is this modern application of an ancient discernment of spirits the best way for individual persons and groups of Christians to be formed as the People of God Can anyone today accompany another person s spiritual experience without a sound knowledge of psychology Do spiritual accompaniment and psychological therapy overlap Can one replace the other Should an accompanist also be a therapist as some have suggested Writing from his years of experience in a cistercian monastery in which spiritual accompaniment is a living tradition the author reflects on some first steps towards answering these questions *The Three Founders of Cîteaux* Jean Baptiste van Damme, 1999 [Cassian and the Fathers](#) Thomas Merton, 2005 Cassian and the Fathers is the initial volume in the series of Novitiate Conferences of Thomas Merton the classes he presented to young men beginning their monastic life at the Abbey of Gethsemani in Kentucky They contain Merton s insights on important Patristic and monastic figures preceding the time of St Benedict above all John Cassian the most significant bridge between the early desert fathers and the development of monastic life in the West and

they reveal the continuing relevance of their teachings for contemporary monastics and other Christians Much of the value and interest of Cassian and the Fathers as of the novitiate conferences in general lies in the light it casts on Merton himself as teacher novice master and monk These notes provide a privileged standpoint for observing Merton functioning as an integral and important member of his monastic community The public Merton has long been visible in his works written for publication and has more recently been complemented by the interpersonal Merton disclosed in his correspondence and the intimate Merton revealed in his complete journals While the novitiate conferences may not equal in significance these other sources they do allow access to yet another stratum of Merton s wide ranging and immensely productive engagement with his world from the distinctive standpoint he had chosen within a tradition dating back more than sixteen centuries While these lectures need to be used critically and carefully in evaluating Merton s own perspectives and commitments nevertheless they do need to be used The dialectical relationship between Merton s private and more public statements including those made to his novice classes makes possible a more complex and thus a richer picture of his monastic identity and so of his personal identity In learning about Cassian and the Fathers from Merton one learns as well about Merton as monk as heir to the great monastic teachers and as teacher of a new generation of monks an easily overlooked and undervalued yet integral even central component of his vocation for more than half his monastic life Thus the publication of the novitiate conferences will fill a significant lacuna in Merton studies and contribute to a balanced holistic comprehension and appreciation of Thomas Merton s life and work This edition includes an extensive introduction situating these conferences and Merton s years as novice master in the context of his broader life as monk and writer an extensively annotated edition of the text of the conferences based on Merton s own typescript and helpful appendices indicating changes Merton made to his text correlating the written text with taped versions of the actual classes and providing suggestions for further reading both in Merton s other works and in more recent studies of the figures he discusses here

Abba Isaiah of Scetis Ascetic Discourses Isaiah (Abba),2002 Written in the fifth century during one of the most formative periods of christian monasticism in Egypt and Palestine The Ascetic Discourses show a strong influence of the Scripture both Old and New and of Early monastic writers They are marked by a faithfulness to tradition yet equally by a note of originality distinctive to the Gaza region Abba Isaiah has set forth a practical guide for monks ever aware of the challenges that interpersonal relationships present within monastic communities John Chryssavgis is a Professor of Theology at the Holy Cross Greek Orthodox School of Theology in Boston He completed his undergraduate studies in Athens and earned his
