dramatic growth into one of America's most vital music genres. *The Encyclopedia of Contemporary Christian Music: Pop, Rock, and Worship* is the first comprehensive reference work on a form of American music that is far more popular than nonfans may realize. It fills a major gap in the literature on American music and Christian culture, looking at this increasingly popular genre in the context of the overall history of religious music in the United States. With over 200 entries, *The Encyclopedia of Contemporary Christian Music* covers important performers and industry figures, songs and albums, concerts and festivals, the rise of Christian radio and television, and other issues related to the growth of inspirational music. Scholars and fans alike will find a wealth of revealing information and insightful coverage illustrating the influence of gospel on modern American music, with musicians such as Elvis, Sam Cooke, Johnny Cash, Bob Dylan, and U2. The work also examines the use of fundamental rock, pop, and rap music templates in the service of songs of faith. *Speechless*, Steven Curtis Chapman, Scotty Smith, 2000-08-24

Steven Curtis Chapman, one of America's best-known contemporary Christian performing artists, and his pastor, Scotty Smith, call believers to join them in the invigorating adventure of grace-based living. Chapman and Smith reveal how God exposed and dismantled legalism in their lives and replaced it with something far greater and more exciting: God's disruptive grace.
