## Still Horsin' Around:

Still Horsin' Around Don Coldsmith, 2002-06      **Still Horsin' Around** Stu Campbell, 199?      **Aren't You Bojack Horseman?** Harriet E.H. Earle, 2024-01-04 When the final episode of BoJack Horseman aired on Netflix in 2020 it was to massive critical and popular acclaim Across six seasons viewers followed the exploits of a washed up sitcom actor and his wacky collection of friends set against the fading glitz of Hollywood and played out through a distinct cast of both human and anthropomorphic characters Before the series even concluded it was clear that it would be the topic of research and discussion long beyond its relatively short run This collection brings together essays about the ways this series handles complex and highly nuanced topics within three main themes mental health masculinity and the perils of celebrity With contributions from researchers across a broad range of fields these essays offer a variety of perspectives on these themes how they are represented within the show and the ways that both characters and viewers engage with them      Traffic World, 1953      *Concept TV* Luca Bandirali, Enrico Terrone, 2021-11-08 What is a television series A widespread answer takes it to be a totality of episodes and seasons Luca Bandirali and Enrico Terrone argue against this characterization In *Concept TV An Aesthetics of Television Series* they contend that television series are concepts that manifest themselves through episodes and seasons just as works of conceptual art can manifest themselves through installations or performances In this sense a television series is a conceptual narrative a principle of construction of similar narratives While the film viewer directly appreciates a narrative made of images and sounds the TV viewer relies on images and sounds to grasp the conceptual narrative that they express Here lies the key difference between television and film Reflecting on this difference paves the way for an aesthetics of television series that makes room for their alleged prolixity their tendency to repetition and their lack of narrative closure Bandirali and Terrone shed light on the specific ways in which television series are evaluated arguing that some apparent flaws of them are indeed aesthetic merits when considered from a conceptual perspective Hence to maximize the aesthetic value of television series one should not assess them in the same framework in which films are assessed but rather in a distinct conceptual framework      Time Briton Hadden, Henry R. Luce, 1953      **Carousel Animal Carving** Bud Ellis, Rhonda Hoeckley, 2008 Guided by the country's only professional director of a carousel animal carving school even the first time carver can capture the charm and nostalgia of an old fashioned merry go round      *The Christmas Rabbit* Gilman Jeffers, 2022-09-16 The Christmas Rabbit is an adult satire on the commercialization and corruption of the two main Christian holidays Christmas and Easter It tells the tale of how Santa Claus and the Easter Bunny came to be and how they were subsequently were conned and coerced by forces beyond their control into making their yearly pilgrimages and annual deliveries and how each proves to be inadequate to their task Set in the dawn of history as well as the present age it tells a humorous tale of their exploits and misadventures while carrying out their sentences and contending with The Powers That Be      *The Traffic World*, 1953      *U.S. News & World Report*, 1953      **Stagecoach** Edward Gorman, Martin Harry
