*Textual Sources for the Study of Judaism* Philip S. Alexander, 1990 Alexander assembles material from Scripture and tradition through religious law and ethical literature to a section on Society and the Jews and prefaces the whole with an admirable introduction Jonathan Sacks *Jewish Chronicle* The texts which are drawn from over two thousand years of history are usefully divided annotated and glossed They enable students to explore the tradition in a new way and give a marvellous insight into the richness and liveliness of the Jewish religion and culture we are given wit and pathos in addition to popular story and religious law Janet Trotter Resource *History, Culture, and Religion of the Hellenistic Age* Helmut Koester, 2012-10-25 While the first American edition of this book published more than a decade ago was a revised translation of the German book *Einführung in das Neue Testament* this second edition of the first volume of the *Introduction to the New Testament* is no longer dependent upon a previously published German work The author hopes that for the student of the New Testament it is a useful introduction into the many complex aspects of the political cultural and religious developments that characterized the world in which early Christianity arose and by which the New Testament and other early Christian writings were shaped **Introduction to the New Testament** Helmut Koester, 1995 While the first American edition of this book published more than a decade ago was a revised translation of the German book *Einführung in das Neue Testament* this second edition of the first volume of the *Introduction to the New Testament* is no longer dependent upon a previously published German work The author hopes that for the student of the New Testament it is a useful introduction into the many complex aspects of the political cultural and religious developments that characterized the world in which early Christianity arose and by which the New Testament and other early Christian writings were shaped **Textual Sources to the Study of Judaism** Philip R.
