That Baby Woke Me Up Again:

The Five Unnecessaries Laura Campbell,2015-01-26 I am Aislyn These are sad facts of my world Any child who is unscheduled unplanned or inconvenient is labeled an Unnecessary Any pregnant woman is targeted as an enemy of the state for harboring an Unnecessary Their only hope for survival is to be rescued by a Protector one of 26 girls trained to infiltrate the Republic and return to the Territory These girls are chosen because they are strong smart and heroic I always knew they would never choose me Except they did I am the 27th Protector of the 188th generation and I m terrified that I will fail

VAMPIRE HUSBAND and THE AMERICAN JUSTICE Paru Shiva,2014-05 This book is about a woman who had come to America from Kashmir India She had no knowledge about American culture or American Justice System She was married in India and her husband brought her to America In America her husband started abusing her Being culturally abound she kept taking abuse on daily basis and kept lying about her bruises and cuts to those who were asking her questions about her injuries Abuse got worst to the extent that one day her husband tried to kill her She gained her consciousness after couple of hours when her husband decided to dump her body in the park Somehow in the morning she managed to escape with her two children She went to a woman s shelter where she lived for six months In the shelter they insisted that she had to go to the court to get restraining order for her safety In that process her children were taken by the court and were given to that abusive man from whom they had a narrow escape She was forced to pay child support when she had not taken even a one cent from her home or from her husband after she left Her two children were given to their father because she was going to school Judge punished her and her two children for trying to establish their life Her Children suffered the most because of the Justice System I wrote this book for two reasons One reason is to tell my children especially my son that I am very sorry for taking my case to American Justice System because his father has kept him in fear Even my son is adult now but his father is still treating my son like he was treating me and my son is kept in a lot of fear stress and extreme tension His father didn t let him complete his education If he had encouraged my son to complete his education then he wouldn t be able to control my son s life That is tearing my heart every day And second reason is that I want to help a Battered Woman and their children by telling them my story I was a very private person but that didn t help me Every battered woman of this country should know that when a man hit his wife is not love It is a danger sign figure out on time about safety zones for self and for children My story will guide them to be strong enough to help their children [Finding My Way Home](#) Jules,2025-09-18 This is the true story of my life filled with abuse starting at a very early age I didn t know what love was until I was a teenager and then I experienced great loss This goes through my life of abuse and also my psychotherapy There are different treatments that may or may not work for you I pray that everyone who reads it will seek treatment if you need to There is no shame in being a survivor *Anaesthetics of Existence* Cressida J. Heyes,2020-05-08 Experience is a thoroughly political category a social and historical product not authored by any individual At the same time the personal is political and one s own lived

experience is an important epistemic resource In Anaesthetics of Existence Cressida J Heyes reconciles these two positions drawing on examples of things that happen to us but are nonetheless excluded from experience If for Foucault an aesthetics of existence was a project of making one's life a work of art Heyes's anaesthetics of existence describes antiprojects that are tacitly excluded from life but should be brought back in Drawing on critical phenomenology genealogy and feminist theory Heyes shows how and why experience has edges and she analyzes phenomena that press against those edges Essays on sexual violence against unconscious victims the temporality of drug use and childbirth as a limit experience build a politics of experience while showcasing Heyes's much needed new philosophical method
