Moniment Paul Hemenway Altrocchi, MD,2014-08-21 Most people are completely unaware that the Shakespeare authorship question is the greatest cultural mystery in Western Civilization Few realize that Will Shakspere of Stratford on Avon was an uneducated grain speculator and real estate investor who could not read or write yet he was chosen as the front man for a fraudulent conspiracy perpetrated by Queen Elizabeth s chief counselor Robert Cecil for reasons of monarchial succession greed and power The astonishing power of Conventional Wisdom has kept the ruse going perpetrated by Professors of English who cannot break the tenacious shackles of their guild mythology and thus refuse to believe the reams of authoritative evidence discovered in the past century in favor of Edward de Vere 17th Earl of Oxford as Shakespeare Volume 10 of this anthology series Moniment contains eighteen brilliant compelling articles by highly qualified authorship experts who convincingly reinforce the case for Edward de Vere and annihilate the completely impossible candidacy of the illiterate Stratford Man Judge Philip Howerton Jr BA JD It doesn t take an academically based person to realize that the quarter page of known facts of William Shakspere s life can be mastered by a twelve year old and that all the rest of the stuff that has been written in the attempt to connect his life and the works by Professors Brown Chambers Chute Rowse Schoenbaum et al ad nauseam is and always has been as Vladimir Nabokov once put it in another context thirty two percent nonsense and fifty of neutral padding Scottish Author Josephine Tey called it tonypandy a nonsensical untrue story grown to legend and accepted by the public in the face of all evidence to the contrary Michael H Hart Ph D in Astrophysics Princeton Author of The 100 A Ranking of the Most Influential Persons in History I made a serious error in the first edition when without carefully checking the facts I simply followed the crowd and accepted the Stratford man as the author of the Shakespeare plays Since then I have carefully examined the arguments on both sides of the question and have concluded that the weight of the evidence is heavily against the Stratford man and in favor of de Vere **Lord, Is This You?; Yes, It Is!; A Memoir** Brenda Ann Green,2024-01-16 This writing started out as a simple desire to write a person s story of her life experiences based on her testimony My inspiration evolved into a testimonial for God seeing how God would move on our behalf to orchestrate events in our lives working through the people we know or don t know to bring those events to pass

Orchestration of miracles is a specialty of God's. He's been doing it since the beginning. He orchestrated us having a Savior to bring to us salvation and eternal life through our faith in Him, our Lord Jesus Christ. I've learned that God has already orchestrated many blessings, directions, or actions we're to take in our lives in the heavenly realm that only need to be brought to the natural. We bring things to the natural by faith through prayer through our taking action on our dreams and through obeying what we know God has spoken to us to do, and especially if it is on our hearts to do something for someone else. So what is my opinion about cremation after my experience? I was reminded that God is the greatest Orchestrator of all time. Only He could have arranged the events that I have documented in this writing.

Ionospheric Sporadic E, Ernest K. Smith, Sadami Matsushita, 2013-10-22. International Series of Monographs on Electromagnetic Waves. Ionospheric Sporadic E focuses on the methodologies, approaches, reactions, and calculations involved in the study of the ionospheric sporadic E. The selection first offers information on the occurrence of sporadic E and reflection mechanisms for sporadic E, as well as geographic occurrence and temporal variations of sporadic E, and thin and scattering models. The text then examines the final remarks of the 1957 AGARD conference on sporadic E ionization and study of radio wave scattering from sporadic E near the magnetic equator. The publication takes a look at sporadic E as observed with rockets and backscatter observations of sporadic E. Discussions focus on gradients, height preference gradients, in electron density, time variation, and interpretation and observation limitations. The text then ponders on lunar tidal variations of sporadic E and theoretical study of sporadic E structure in the light of radio measurements. The selection is a vital reference for readers interested in the study of the ionospheric sporadic E.

War Department, 1872. *Honorable Men*, Louis Auchincloss, 1985-09-25. From a New York Times bestselling author. A novel about a member of the Greatest Generation wrestling with moral choices over the next generation's war in Vietnam. Chip Benedict appeared to have the best of everything: wealth, education, good looks, charm, and intelligence. Shortly before entering law school, he married Alida, a pale beauty who also had the cunning and talent to become the debutante of the year, escaping the progressively threadbare world of tarnished elegance and unpaid bills to which she was born. Alida's life continued in a storybook fashion with her marriage to Chip, a seemingly perfect and certainly honorable man. Called to serve in World War II, he returned a hero, decorated for bravery at the Normandy landing. Following in his father's footsteps, he became chairman of the board of the prestigious Benedict Glass Company, founded by his grandfather. And yet, with all of his gifts, Chip is haunted by dark guilt that drives him to excel, conform, and embrace a righteousness that he fails to perceive as hypocrisy. In business, he becomes the perfect corporate executive, lauded in *Fortune* and *Forbes*. He serves his community, supports the arts, and patriotically honors his government. But when it comes to choosing sides on the issue of Vietnam, he will make a decision that casts aside the deepest ties and loyalties of his life. Through a series of flashbacks, the narrators come to realize how outside

events have influenced their lives Auchincloss uses their story to show us the frailties of human nature when confronted with politics and morality This psychological novel is perceptive elegantly spare and well crafted Library Journal Journal of the Telegraph ,1901 **A Place Called Home** Richard O.
