The Absolute at Large Karel Capek,2025-09-18 The Absolute at Large by Karel Capek is a visionary novel that blends science fiction with sharp social satire and philosophical inquiry Set in the early 20th century the story begins when a brilliant inventor creates the Karburator a revolutionary device that can extract limitless energy from matter However the process releases not only energy but also the Absolute a mystical omnipresent force that permeates the world and inspires religious fervor and moral zealotry As the Karburator spreads across the globe society is transformed by the Absolute People become obsessed with spiritual purity forming sects and crusades while industrial and political systems collapse under the weight of newfound idealism The narrative follows a wide cast of characters from industrialists and politicians to ordinary

citizens all caught in the chaos of a world where technology religion and philosophy collide Capek uses this premise to explore themes of mass production the dangers of unchecked technological progress and the complexities of human nature The novel is both a warning about the unintended consequences of innovation and a humorous critique of human folly With its blend of speculative fiction dystopian elements and witty commentary *The Absolute at Large* stands as a classic of Czech literature and a thought provoking work for readers interested in science fiction satire and philosophical fiction

The Absolute at Large Karel Čapek, 1974 In this satirical classic a brilliant scientist invents the Karburator a reactor that can create abundant and practically free energy However the Karburator's superefficient energy production also yields a powerful by product The machine works by completely annihilating matter and in so doing releases the Absolute the spiritual essence held within all matter into the world Infected by the heady pure Absolute the world's population becomes consumed with religious and national fervor the effects of which ultimately cause a devastating global war Publisher's description

The Absolute at Large Karel Čapek, 2024-03-28T15:57:10Z The Czech writer Karel apek wrote his novel *Továrna na absolutno* in 1922 It was translated into English and published by Macmillan in 1927 as *The Absolute at Large* The novel is a satirical piece of science fiction and starts with the invention of an atomic engine in the future year 1943 which can convert matter directly into energy Such engines can operate machinery for months from a single bucket of coal But the inventor quickly discovers that his engine has an unfortunate side effect It generates pure divinity as a waste product The consequences of the wide spread adoption of the new engines therefore gives rise to unexpected complications in human society The novel is full of sardonic but incisive comments on society capitalism and religion This book is part of the Standard Ebooks project which produces free public domain ebooks
