connected with the road have felt its wonderful influence A spirit of enterprise has grown up in neighboring districts roads
and turn pikes have been opened and vast stretches of country that might have remained primeval forests but for this great
work of internal improvement have become productive and the inhabitants cultivated and refined The extension of the road
from Oentreton on the Lake Erie Division to Chicago gives the Baltimore and Ohio one continuous line of rail road from
Baltimore to the Lake City of the West the granary where is received the exhaustless products of the fertile plains which
stretch out through the northwest Thus Baltimore is enabled to compete with the great cities of the East for a share of this
immense trade The extension of the road from Pittsburg to Centreton a mere question of time will give another direct route
