The Jesus Cult:

The Jesus Cult Gary C. Price, 2001-10-01 The Jesus Cult is not a book for everyone It is written for those both inside and outside the Christian camp who diligently seek the truth and liberation that comes from the True and Living God This book takes the reader into the spiritual depths of the Holy Scriptures to expose the true spirit behind the deception propagated by religious leaders in the church throughout the ages The reader of this book will get an understanding of the deception of the devil since before the time of Adam and Eve and how this spirit of deception has infiltrated the church It is not a text for the weak or feeble only the sharp and discerning will be able to hang on as Pastor Gary C Price unveils the internal make up of Christendom around the globe Sadly it is glaringly apparent that multitudes of well meaning Christians and spiritual zealots are bowing down to religious teaching and traditions that keep them soulish and bound to this present world By exposing this deception my prayer is that every reader will repent and turn away from this destructive system and onto a Spirit led journey to establish a true and intimate relationship with Jesus Christ Throughout the pages of this book you will see your life depicted in one way or another The Jesus Cult not only reveals the spirit of deception but also provides Biblical answers for the way of escape The only way is through Jesus Christ People it s time to come out of every facet of the world For too long we have trusted in all of these worldly systems from religion and government to industry and commerce to no avail We must begin today to rid ourselves of the soulish anchors that bind us to the religious spirit of the Antichrist Pastor Price s revelation of The Jesus Cult is bold courageous and uncompromising His labor in the Word and prayer before the Throne of God has forged in him a prophetic voice to send a clarion call to God s remnant wherever they reside throughout all the earth Have no doubt about it this book is inspired by the Holy Ghost Through practical real life and everyday experiences the Spirit of God began to open the eyes of this shepherd As Pastor Price met people on the streets of Atlanta and dialogued with those who sit on church pews every Sunday the devil s master scheme of deception was clearly exposed Once he saw the true light he has never wavered from preaching an end time message of truth and power As men and women have encountered the original Gospel of Jesus Christ they have come out of these religious settings burdened down with demonic weights that plague their souls They emerge still bound hurt and in need of intense deliverance I have seen the effects of the Jesus Cult on too many of God s people to question its validity and reality in our culture I am thankful for the impact that this book will have on your life as well Jesus comes to set the captive free

The Jesus Legend Paul Rhodes Eddy, Gregory A. Boyd, 2007-08-01 Christianity Today 2008 Book Award Biblical Studies Even mature Christians have trouble defending the person and divinity of Christ The Jesus Legend builds a convincing interdisciplinary case for the unique and plausible position of Jesus in human history He was real and his presence on the planet has been well documented The authors of the New Testament didn t plant evidence though each writer did tell the truth from a unique perspective This book carefully investigates the Gospel portraits of Jesus particularly the Synoptic Gospels assessing what is reliable history and fictional

legend The authors contend that a cumulative case for the general reliability of the Synoptic Gospels can be made and boldly challenge those who question the veracity of the Jesus found there **The Jesus Problem** John Mackinnon Robertson,1917

Deconstructing Jesus Robert M. Price,2009-09-25 After more than a century of New Testament scholarship it has become clear that the Jesus of the gospels is a fictive amalgam reflecting the hopes and beliefs of the early Christian community and revealing very little about the historical Jesus Over the millennia since the beginning of Christianity various congregations from fundamentalist to liberal have tended to produce a Jesus figurehead that functions as a symbolic cloak for their specific theological agendas Through extensive research and fresh textual insights Robert M Price paves the way for a new reconstruction of Christian origins Moving beyond the work of Burton L Mack and John Dominic Crossan on Jesus movements and Christ cults which shows how the various Jesus figures may have amalgamated into the patchwork savior of Christian faith Price takes an innovative approach He links the work of F C Baur Walter Bauer Helmut Koester and James M Robinson with that of early Christ myth theorists two camps of biblical analysis that have never communicated Arguing that perhaps Jesus never existed as a historical figure Price maintains an agnostic stance while putting many puzzles and scholarly debates in a new light He also incorporates neglected parallels from Islam the Baha i Faith and Buddhism Deconstructing Jesus provides a valuable bridge between New Testament scholarship and early freethinkers in a refreshing cross fertilization of perspectives **Beloved Son** Steve Allen,1982 The results of a 10 year study of cults begun when the author s son joined the Love Family in 1971 in which he makes an objective examination of cults and their effects on members families

A Myth of Innocence Burton L. Mack,1991 This imaginative book is not just a study of the Gospel of Mark but of primitive Christianity in all its variegated forms for which it represents a new paradigm It deserves serious reflection and discussion at several levels in a variety of contexts by quite diversified discussion partners James M Robinson Professor Emeritus Claremont Graduate University This is an epic making work because it turns scholarship on its head Mack asks questions not about origins but about social meaning The entire conception of what we want to know why we want to know it and how we shall find it out is new and compelling Jacob Neusner Bard College A Myth of Innocence is the most penetrating historical work on the origins of Christianity written by an American scholar in this century Its strikingly innovative feature is the recombination of literary and social histories and the placement of diverse Jesus movements into their respective social contexts Werner H Kelber The Catholic Biblical Quarterly *Jesus the Christ* Thomas James

Thorburn,1912 **Are Souls Real?** Jerome W. Elbert,2010-05-04 In an age dominated by science many traditional concepts are being reevaluated in light of current knowledge about the physical and biological world Among the many religious notions passed down from generation to generation belief in the soul may be the most in need of reconsideration Despite its slightly antiquated nuances and its fuzziness as a coherent idea people today still refer to the soul quite frequently We often hear such questions as Can the soul leave the body Does the soul survive death And if so do the souls of the departed

occasionally appear to the living But given what we now know about the brain psychology and body chemistry the skeptic may well ask what meaning or relevance can this medieval term possibly have Physicist Jerome W Elbert takes up this intriguing issue in this informative yet accessible study He begins by reviewing the ancient origins of the soul concept looks at Christian beliefs and pagan parallels and then considers how the advance of science has changed our fundamental understanding of the brain and consciousness These new scientific insights he points out inevitably affect our traditional ideas about the soul Moreover many contemporary dilemmas have much to do with whether or not we posit the existence of a soul for example the question of free will and the debate over abortion Taking into consideration the views of many recognized experts he moves to the inescapable conclusion that we can account for the nature of life the mind and the human decision making process without any need for the now obsolete idea of a soul Insightful and absorbing Are Souls Real is popular science writing at its best Jerome W Elbert Ph D Tacoma WA now a self employed researcher and writer worked for many years as a research professor of physics at the University of Utah *Free Review* ,1894 *Did Jesus Really Live?* Herbert J.
