The Judas Cross

Herman Joseph Heuser

The Judas Cross:

The Judas Cross Charles Sheffield, David Bischoff, 1994 Guarding an ancient cross that is believed to hold the soul of the disciple Judas Iscariot Marquis Louis Villette a knight of an ancient secret order witnesses the devastating effects of world war on his French homeland and his loved ones Original [The Judas Cross](#) Malcolm Blair-robinson, 2014-05-16 A tiny English village slumbers on the Surrey Sussex borders but the pastoral exterior hides a number of nightmare secrets The return of a young man after a long absence stirs memories of the horrific murder of his mother and uncle years earlier and of an ancient curse delivered upon the family in Napoleonic times The villagers unease grows as the young man embarks upon an affair with the local farmer s daughter and a series of mysterious deaths seem to follow in his wake Set in the 1920s and full of authentic period detail this is a tale which will haunt readers long after the last page has been turned **A Heritage of Holy Wood: The Legend of the True Cross in Text and Image** Barbara Baert, 2004-07-01 In the fourth century the idea arose that the Cross on which Christ was crucified had been found by Helena mother of Emperor Constantine Thus began a legend that would grow and flourish throughout the Middle Ages and cause the diffusion of countless splinters of holy wood And where there is wood there was once a tree Could it be that the Cross was made from that most noble species the Tree of Life So gathering characters along the way the legend evolved into a tale that stretches from the Creation to the End of Time A Heritage of Holy Wood is the first reconstruction of the iconographic and literary tradition of the Legend of the True Cross Its broad scope encompasses relic cults pilgrimages travellers tales and the Tree of Life and involves Church Fathers crusader kings Teutonic Knights and mendicant orders all of which influenced the legend s depiction from its earliest representation in manuscripts reliquaries and altarpieces to the great monumental cycles of the high Middle Ages If the holy wood was the medium of medieval memory A Heritage of Holy Wood reveals the growth rings of fifteen centuries of imagery

gradually made way for one uniform Latin liturgy patterned on Roman models The feast of the Exaltation of the Cross spread through the West from Rome within this context of standardization and Romanization This raises questions about the uniformity and the Roman content of the feast This study especially examines to what degree indigenous interpretations of the Cross which were part of the legacy of the Hispanic and Gallican traditions in particular continued to be preserved through the liturgical books of the early Middle Ages
