The Case Against War, and Questions and Answers Concerning War. By S. Eddy and Kirby Page Sherwood Eddy,1924 The Abolition of War Krzysztof Wodiczko,2012 The Abolition of War explores the ideas that inform Krzysztof Wodiczko's project The World Institute for the Abolition of War and is a manifesto for the dismantling of what Wodiczko sees as the ubiquitous unconscious and ultimately perilous Culture of War which is embedded within and constantly reaffirmed by our monuments and our historical narratives In this volume Wodiczko winner of the Hiroshima Art Prize in 1998 offers a detailed examination of his proposal for The World Institute for the Abolition of War a projected Un War Memorial constructed as a structure encapsulating the existing Arc de Triomphe in Paris Wodiczko is joined by anthropologist Douglas Fry to shed light on the silent but deeply rooted ideologies of war which permeate our contemporary societies fuelling current acts of aggression and threatening to erupt into further warfare Fry's essay Abolition of War An Agenda for Survival contradicts the generally held assumption that war is an inevitable aspect of human life and posits new models of global interdependency as the necessary step towards viable peace **The Abolition of War** Frank Noel Keen,David Davies Memorial Institute of International Studies,1950 The Abolition of War ,1924 **The Abolition of War and the Sword Or the Cross** Sherwood Eddy,Kirby Page,2016-02-13 Reprint of the original 1924 edition of The Abolition of War The Case against War and Questions and Answers concerning War published 1924 and The Sword or the Cross published 1921 The authors Sherwood Eddy and Kirby Page discuss the validity and effectiveness of war after World War I and conclude that war should be abolished because of the harm and damage that it causes and the immorality of the nature of war *The Abolition of War* SHERWOOD. EDDY,Kirby Page,2026-02-14 The Abolition of War is a compelling and influential exploration of the moral social and political arguments against armed conflict Written in the wake of the First World War authors Sherwood Eddy and Kirby Page present a powerful case for international pacifism and the total eradication of war as an instrument of national policy The work is divided into two distinct sections the first examines the case against war from a humanitarian and ethical perspective while the second explores the practical possibilities of maintaining world peace through international cooperation and justice As central figures in the early 20th century peace movement Eddy and Page analyze the catastrophic consequences of modern warfare and challenge the prevailing belief that war is an inevitable aspect of human civilization This book serves as a cornerstone of pacifist literature offering a visionary look at a world governed by law and morality rather than force It remains a vital document for readers interested in the history of the peace movement the development of the Social Gospel and the evolution of international relations theory This work has been selected by scholars as being

Abolish war!

Proposals for nonviolent self-defense with civil deterrence Martí Olivella Solé, 2025-05-19 The writer and political activist Victor Hugo proclaimed at the World Peace Congress held in Paris in 1849 that the death penalty must be abolished Now 176 years after that historic speech a new objective is needed the abolition of war If war applies the death penalty indiscriminately and without any legal procedure the only way to avoid this contradiction and crime against humanity is to abolish it In this book Mart Olivella proposes a strategy of Nonviolent Self Defense with Civil Deterrence to prevent armed conflicts and ensure that they never become profitable for a potential aggressor This strategy maintains the right and duty to defend ourselves against invasion or injustice but does so intelligently effectively and ethically The author presents information and proposals aimed at the creation of nonviolent self defense forces within a new security paradigm An unprecedented but not impossible formulation This is a highly valuable document for addressing the turbulent times we are living in and with tools and arguments helps build a peaceful and democratic movement This book points us in the direction of a path that is both necessary and useful
