The Irish Judiciary:

The Irish Judiciary Paul Charles Bartholomew, 1971 **The Judges in Ireland, 1221-1921** Francis Elrington Ball, 2005 Ball F Elrington *The Judges in Ireland 1221-1921* London John Murray 1926 2 volumes each with frontispiece Reprint available September 2004 by The Lawbook Exchange Ltd ISBN 1 58477 428 2 Cloth 195 These interesting volumes serve a double purpose they supply condensed biographies in the style of the Dictionary of National Biography of all who held judicial office in Ireland from the earliest days down to the new constitution with references to sources and chronological tables In short they are the Irish counterpart to Foss's book *The Judges of England* And secondly the general chapters are a careful history of the Irish judiciary its members their politics and connections and the legal profession in general with some remarks upon the history of the courts in Ireland T F T Plucknett *Harvard Law Review* 41 275 **Judges, politics and the**

Irish Constitution Laura Cahillane, James Gallen, Tom Hickey, 2017-02-28 This volume brings together academics and judges to consider ideas and arguments flowing from the often complex relationships between law and politics adjudication and policy making and the judicial and political branches of government Contributors explore numerous themes including the nature and extent of judicial power the European Court of Human Rights decision in *O'Keefe v Ireland* the process of appointing judges and judicial representation judicial power and political processes Contrasting judicial and academic perspectives are provided on the role of the European Court of Human Rights and the nature of exhausting domestic remedies including a contribution from the late Mr Justice Adrian Hardiman The role of specific judges social and political disputes and case law are examined and socio economic rights the rule of law and electoral processes are all addressed

The Judges in Ireland, 1221-1921 Francis Elrington Ball, 1927 *The Irish Reports*, 1897 **The Irish Law Times and Solicitors' Journal**, 1904 **ABA Journal**, 1972-09 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association **Judicial Review of Administrative Action Across the Common Law World** Swati Jhaveri, Michael Ramsden, 2021-03-18 Research on comparative administrative law in contrast to comparative constitutional law remains largely underdeveloped This book plugs that gap It considers how a wide range of common law systems have received and adapted English common law to the needs of their own socio political context Readers will be given complex insights into a wide range of common law systems of administrative law which they may not otherwise have access to given how difficult it would be to research all of the systems covered in the volume single handedly The book covers Scotland Ireland the USA Canada Israel South Africa Kenya Malaysia Singapore Hong Kong SAR India Bangladesh Australia and New Zealand Comparative public lawyers will have a much greater range of common law models of administrative law either to pursue conversations about their own common law system or to sophisticate their comparison of their system civil law or otherwise with common law systems **The Irish Supreme Court** Brice Dickson, 2019-01-31 This book examines the jurisprudence of the Supreme Court of Ireland since its

creation in 1924 It sets out the origins of the Court explains how it operated during the life of the Irish Free State 1922 1937 and considers how it has developed various fields of law under Ireland s 1937 Constitution especially after the re creation of the Court in 1961 As well as constitutional law the book looks at the Court s views on the status and legal system of Northern Ireland administrative law criminal justice and personal and family law There are also chapters on the Supreme Court s interaction with European Union law and with the European Convention on Human Rights The argument throughout is that while the Court has been well served by many of its judges who on occasion have manifested a healthy degree of judicial activism there are still several legal fields in which the Court has not developed its jurisprudence as clearly or as imaginatively as it might have done It has often displayed undue conservatism and deference For many years its performance was hampered by its extreme workload generated by its inability to control the number of appeals brought to it However the creation of a new Court of Appeal in 2014 has freed up the Supreme Court to act in a manner more analogous to that adopted by supreme courts in other common law countries The Court s future looks bright

The Use of Foreign Precedents by Constitutional Judges Tania Groppi, Marie-Claire Ponthoreau, 2013-03-28 In 2007 the International Association of Constitutional Law established an Interest Group on The Use of Foreign Precedents by Constitutional Judges to conduct a survey of the use of foreign precedents by Supreme and Constitutional Courts in deciding constitutional cases Its purpose was to determine through empirical analysis employing both quantitative and qualitative indicators the extent to which foreign case law is cited The survey aimed to test the reliability of studies describing and reporting instances of transjudicial communication between Courts The research also provides useful insights into the extent to which a progressive constitutional convergence may be taking place between common law and civil law traditions The present work includes studies by scholars from African American Asian European Latin American and Oceania countries representing jurisdictions belonging to both common law and civil law traditions and countries employing both centralised and decentralised systems of judicial review The results published here for the first time give us the best evidence yet of the existence and limits of a transnational constitutional communication between courts

Criminal Justice in Ireland Paul O'Mahony, 2002 Comprehensive overview of the Irish criminal justice system its current problems and its vision for the future Collection of essays by major office holders experienced practitioners leading academics legal scholars sociologists psychologists philosophers and educationalists
