The Jungle Illu:

Illuminati Secret Knowledge: Future Beyond Your Wildest Dreams Igor Kryan,2019-04-16 Time travel to years 2035 2041 and 6938 See the future world through the eyes of heroes and villains However don t consider this book to be a pure science fiction and entertainment This book is built on Illuminati Secret Knowledge and secret CIA reports of world events of 2035 and 2041 that no one except two Presidents and a few generals ever saw Also the book is based on the serious scientific theories such as retro causality when future is affecting the past as well as the accounts of people who claim that they saw the future from Nostradamus and Baba Vanga to the accounts of so called modern time travelers We researched dozens of them and found a couple of them to be credible because they are keep repeating the same things some from the distant past while others are from the far future so don t be surprised if you live through World War Three the Great American Earthquake and Earth s orbit change till 2041 to see how accurately this book predicted other future events that seems insane today *The Illuminati Code ÒUnlocking the power of your MindÓ* Christopher Vince Gonzales,2019-01-16 What is real Is there a secret society controlling humanity Or do we control our humanity The truth is always stranger than fiction In this book you will unlock the code that has always been alive within you Are you ready to awaken to your greatest self

Masks of the Illuminati Robert A. Wilson,2009-10-21 This American underground classic is a rollicking cosmic mystery featuring Albert Einstein and James Joyce as the ultimate space time detectives One fateful evening in a suitably dark beer soaked Swiss rathskeller a wild and obscure Irishman named James Joyce would become the drinking partner of an unknown physics professor called Albert Einstein And on that same momentous night Sir John Babcock a terror stricken young Englishman would rush through the tavern door bringing a mystery that only the two most brilliant minds of the century could solve or perhaps bringing only a figment of his imagination born of the paranoia of our times An outrageous raunchy ride through the twists and turns of mind and space Masks of the Illuminati runs amok with all our fondest conspiracy theories to show us the truth behind the laughter and the laughter in the truth Praise for Masks of the Illuminati I was astonished and delighted Robert Anton Wilson managed to reverse every mental polarity in me as if I had been pulled through infinity Philip K Dick Wilson is erudite witty and genuinely scary Publishers Weekly A dazzling barker hawking tickets to the most thrilling tilt a whirls and daring loop o planes on the midway to a higher consciousness Tom Robbins Wilson is one of the most profound important scientific philosophers of this century scholarly witty hip and hopeful Timothy Leary **Illuminati at my Door** Rosie F.
