Parenting a Bipolar Child Gianni L. Faedda, Nancy B. Austin, 2006 In this book a psychiatrist and a psychologist both specializing in mood disorders offer a comprehensive overview of the available treatment options and most effective parenting strategies for dealing with this serious condition **Slow Awakening** Paul Eslinger, 2020-07-05 In the distant past humans inhabited many worlds spread across one arm of the Milky Way Galaxy Only two survived when a battle between vast forces of evil and good spilled over into the local galactic neighborhood Members of one family know something of the truth and they are determined not to repeat their past role as pawns Continuing incursions by evil creatures derail their climb back to the stars for millennia but then a new child is born Trained by her parents and tempered by interactions with humans and interlopers she struggles to follow the vision cast by her parents Is success only a dream or can she point the way clearly enough that others will follow **War and peace, IV : the retreat : A prisoner in the caucasus : Lost on the steppe** graf Leo Tolstoy, 1889

Introduction to the History of Christianity Tim Dowley, 2013-11-01 Combining the accuracy and readability of the first edition of this highly acclaimed text Dowley has enhanced the second edition with new contributions from PHEME PERKINS on The Thought World of Early Christianity and RICHARD BURRIDGE on Jesus and the Gospels as well as updated and revised contributions from WARD GASQUE RICHARD PIERARD JOHN H Y BRIGGS and more With many new photographs illustrations maps charts and timelines the inviting new full color format tells the dramatic intriguing and often surprising story of Christians in their 2000 year journey to the present day **Loving Rachel** Jane Bernstein, 2024-04-22 In 1983 Jane Bernstein had everything she ever wanted a healthy four year old daughter Charlotte a happy marriage a highly praised first novel and a brand new baby Rachel But by the time Rachel was six weeks old a neuro ophthalmologist told Jane and her husband that their baby was blind Although there was some hope that Rachel might gain partial vision as she grew her condition was one that often resulted in seizure disorders and intellectual impairment So began a series of medical and emotional setbacks that were to plague Rachel and her parents and strain their marriage to the breaking point Spanning the first four years of Rachel s life *Loving Rachel* is a heartbreaking chronicle of a marriage and a compelling story of parental love told with searing honesty and surprising humor *War and peace* graf Leo Tolstoy, 1899

The Church's Other Half Trevor Beeson, 2011-11-30 Women have always constituted at least half of the church s membership but for almost 2 000 years were excluded from any significant part in its leadership After the example of Jesus the earliest Christian communities were wholly inclusive in their organisation but a patriarchal model derived from the pattern of the secular Greco Roman societies was soon adopted This restricted women to subordinate roles from which the struggle to escape continues However there were always some courageous and often highly talented women who sought to exercise a Christian ministry within but usually outside the church s structures Focusing on the Church in England Trevor Beeson provides short lives of some of

these Among them are several well known historical figures such as Hilda of Whitby but the majority of the book celebrates the accomplishments of women in the last two hundred years in religious life social reform literature and theology and above all in the ordained ministry More than 5000 women have been ordained to the priesthood so far and in 2012 the consecration of women as bishops is likely to be authorised Trevor Beeson reflects on the long term consequences of a momentous change in the church s life which should result in the release all its members from the restrictions of a still largely male orientated faith community *My People Are Rising* Aaron Dixon,2012-10-09 The founder of the Black Panther Party s Seattle chapter recounts his life on the frontlines of the Black Power Revolution Growing up in Seattle in the 1960s Aaron Dixon dedicated himself to the Civil Rights movement at an early age As a teenager he joined Martin Luther King on marches to end housing discrimination and volunteered to help integrate schools After King s assassination in 1968 Dixon continued his activism by starting the Seattle chapter of the Black Panther Party at the age of nineteen In *My People Are Rising* Dixon offers a candid account of life in the Black Panther Party Through his eyes we see the courage of a generation that stood up to injustice their political triumphs and tragedies and the unforgettable legacy of Black Power This book is a moving memoir experience a must read The dramatic life cycle rise of a youthful sixties political revolutionary my friend Aaron Dixon Bobby Seale founding chairman and national organizer of the Black Panther Party 1966 to 1974 **Little Arthur at the Zoo, and the animals he saw there** Mary Seymour,1887 Proceedings of the American Association for the Advancement of Physical Education at Its ...
