relationships I craved a method that I could articulate I craved a method that would break down relationships into their component parts And I craved a method that was based on science in this case psychology As I read I took notes To my surprise years later those notes have turned into this guide which outlines a step by step system for assessing yourself and your partner to help you judge if you are likely to be a good long term match If you are the type of person who does their homework this approach will resonate And if you are looking for a better way to make smart relationship decisions I hope that my approach brings you value It has worked for me *Love Smart* Phil McGraw,2012-12-04 In *Love Smart* bestselling author Dr Phil McGraw tells people who are dissatisfied with their love lives to stop making excuses and start taking action You deserve a committed relationship and it s within your control to have the one you want First though you need to determine what you want in a partner plot your course and get out there and create velocity in your pursuit of a loving connection In this book you ll learn to Present the real you in the most flattering light You have to stop being your own best kept secret Peek behind the male curtain Dr Phil tells you things about men that they don t necessarily want you to know How good is your Guy Q Master the right moves Don t fade into the wallpaper get noticed and get involved If you are already coupled up then learn how to grow and nurture what you have built Bag em tag em and take em home Learn how to negotiate the relationship you desire and then close the deal Get out of your relationship rut The daily grind money problems and work can take their toll on your relationship Dr Phil shows you how to assess the state of your union and take your relationship to a deeper level There are no exceptions there is somebody for everybody and everybody deserves a relationship filled with love and excitement *Love Smart* offers you the plan to find not just any relationship but the committed loving joy filled relationship you ve been waiting for **Six English Economists** Tom Fleming Kinloch,1928
