Writing for Games Hannah Nicklin,2022-05-23 Focussing on the independent videogames sector this book provides readers with a vocabulary to articulate and build their games writing practice whether studying games or coming to games from another storytelling discipline Writing for Games offers resources for communication collaboration reflection and advocacy inviting the reader to situate their practice in a centuries long heritage of storytelling as well as considering the material affordances of videogames and the practical realities of working in game development processes Structured into three parts Theory considers the craft of both games and writing from a theoretical perspective covering vocabulary for both game and story practices Case Studies uses three case studies to explore the theory explored in Part 1 The Practical Workbook offers a series of provocations tools and exercises that give the reader the means to refine and develop their writing not just for now but as a part of a life long practice Writing for Games Theory and Practice is an approachable and entry level text for anyone interested in the craft of writing for videogames Hannah Nicklin is an award winning narrative and game designer writer and academic who has been practising for nearly 15 years She works hard to create playful experiences that see people and make people feel seen and also argues for making games a more radical space through mentoring advocacy and redefining process Trained as a playwright Nicklin moved into interactive practices early on in her career and is now the CEO and studio lead at Danish indie studio Die Gute Fabrik which most recently launched Mutazione in 2019

Cinematic Storytelling Jennifer Van Sijll,2005 Dialog is one of the best known and obvious elements in a film But the language of cinema is more subtle and sophisticated than dialog alone From Metropolis to Kill Bill this remarkable reference guide reveals 100 of the most potent storytelling tools of the film medium It demonstrates how master screenwriters and directors depend on cinematic devices to pump up action create characters and energize a motion picture s plot Cinematic Storytelling compresses 100 years of film history outlining the important connection between film technique and storytelling It shows how the purposeful use of film techniques like lighting editing and sound can evoke audience emotions like fear hatred or anger without a word of dialog It demonstrates how character values and themes are expressed cumulatively over time and nonverbally In this the reader is given both the critical tools to

better understand modern moviemaking and the creative tools to more fully exploit the dramatic potential of the medium
