So Whats Normal:

So, What Is Normal? Georgina Wilfred, 2011-06-28 Georgie's humorous portrayal of her life as a single parent raising two children one with Asperger's Syndrome autism and her fight to get her son's diagnosis battling with smug educationalists who insisted the child was just lazy How after a long uphill struggle to get help and recognition finding every cloud has a silver lining when Nicky is diagnosed as bordering on genius She later goes on to discuss his bizarre behaviour his humour and eccentricities Digging deeper into the family for a possible genetic hereditary link Georgie's humorous look at her colourful family and friends not to mention thieving ex husbands cheating boyfriends no one is excluded Even Ellwood Blues the dog that ran off with her Xmas turkey and disgraced himself Told in Georgie's northern gritty humour this is a refreshingly honest account of her life so far and the rollercoaster of emotion she'd found herself on

Bridging Policy and Practice Prashant Kulkarni, Anjali Kurane, 2025-10-02 This book investigates the implementation of health policies targeting under five child health in indigenous communities with a specific focus on childhood pneumonia It aims to bridge the gap between policy design and practice through a culturally sensitive lens informed by development anthropology It provides insights into policy implementation challenges in tribal areas emphasizing the need for culturally sensitive community centered approaches The authors highlight the role of traditional healers and grassroots workers in improving child health outcomes and offers actionable recommendations for bridging policy and practice

Studying Religion and Disability Emily O. Gravett, 2025-08-20 Studying Religion and Disability introduces students to the many compelling and influential intersections between religion and disability The early chapters offer introductions to the two fields defining key terms and definitions tracing their origins and evolutions while also demonstrating some of the biases and baggage they bring The organization of the later chapters is inspired by the formal phenomenological or resemblance approach to understanding religion exposing students to different dimensions that all religions seem to have in common such as practices or places regardless of their specific content Featuring examples from a variety of religions this book considers how these religions have intersected with a variety of disabilities across space and time This book provokes thought and discussion around important questions including how different disabilities are perceived represented and constructed in different dimensions of religion how and why people with disabilities engage with religion potential or documented barriers that religions present to disabled people and opportunities and insights that result when each is viewed through the lens of the other It will be essential reading for all students of Religion and Disability

Statistics for Political Analysis Theresa Marchant-Shapiro, 2014-01-15 Statistics are just as vital to understanding political science as the study of institutions but getting students to understand them when teaching a methods course can be a big challenge Statistics for Political Analysis makes understanding the numbers easy The only introduction to statistics book written specifically for political science undergraduates this book explains each statistical concept in plain language from basic univariate statistics and the basic

measures of association to bivariate and multivariate regression and uses real world political examples Students learn the relevance of statistics to political science how to understand and calculate statistics mathematically and how to obtain them using SPSS All calculations are modeled step by step giving students needed practice to master the process without making it intimidating Each chapter concludes with exercises that get students actively applying the steps and building their professional skills through data calculation analysis and memo writing
