## Sounds Of Love:

**Sound Intentions** Peter McDonald, 2012-11-22 The rhymes in poems are important to understanding how poets write and in the nineteenth century rhyme conditioned the ways in which poets heard both themselves and each other writing Sound Intentions studies the significance of rhyme in the work of Wordsworth Keats Tennyson Christina Rossetti Hopkins and other poets including Coleridge Byron Elizabeth Barrett Browning Swinburne and Hardy The book's stylistic reading of nineteenth century poetry argues for Wordsworth's centrality to issues of intention and chance in poets work and offers a reading of the formal choices made in poetry as profoundly revealing points of intertextual relation Sound Intentions includes detailed consideration of the critical meaning of both rhyme and repetition bringing to bear an emphasis on form as poetry's crucial proving ground In a series of detailed readings of important poems the book shows how close formal attention goes beyond critical formalism and can become a way of illuminating poets deepest preoccupations doubts and beliefs

Wordsworth's sounding of his own poetic voice in blank verse as well as rhyme is here taken as a model for the ways in which later nineteenth century poets attend to the most perplexing and important voicings of their own poetic originality *Love* Elizabeth Von Arnim, 1925 Love Songs in Motion Christina J. Woolner, 2023-11-24 An intimate account of everyday life in Somaliland explored through an ever evolving musical genre of love songs At first listen both music and talk about love are conspicuously absent from Somaliland's public soundscapes The lingering effects of war the contested place of music in Islam and gendered norms of emotional expression limit opportunities for making music and sharing personal feelings But while Christina J Woolner was researching peacebuilding in Somaliland's capital Hargeysa she kept hearing snippets of songs Almost all of these she learned were about love In these songs poets musicians and singers collaborate to give voice to personal love aspirations and often painful experiences of love suffering Once in circulation the intimate and heartfelt voices of love songs provide rare and deeply therapeutic opportunities for dareen wadaag feeling sharing In a region of political instability these songs also work to powerfully unite listeners on the basis of shared vulnerability transcending social and political divisions and opening space for a different kind of politics Taking us from 1950s recordings preserved on dusty cassettes to new releases on YouTube and live performances at Somaliland's first postwar music venue where the author herself eventually takes the stage Woolner offers an account of love songs in motion that reveals the capacity of music to connect people and feelings across time and space creating new possibilities for relating to oneself and others
