Southern Comforts Sudy Cauthen,2007 The Florida I love is perishing says Sudy Cauthen In *Southern Comforts* this fifth generation Floridian blends memoir oral history and cultural geography to explore the tensions between community and environment in America today and her own ambivalence about Alachua the place just north of Gainesville where she was born and reared Cauthen raises a cry for all that is lost as Florida s and America s landscapes and traditions are replaced by interstates condos shopping malls and the new way of life they represent Part self reflection part meditation and part social analysis Cauthen s work threads through the stories of blacks whites and Native Americans men and women including her own family members Through their words and hers Cauthen explores northern Florida s unique history culture and geography while she seeks a greater understanding of herself and her surroundings Cauthen s journey takes readers down dirt roads and city streets to her people s tobacco fields and churches She sifts sand at an archaeological dig for the lost Spanish mission of Santa Fe de Toloca peers into an aboriginal grave and everywhere marshals evidence for the primacy of place in determining who we are One story takes us on a fox hunt another reveals lingering racial problems Permeating the book is the ever present menace of growth and development and what it holds for Cauthen s Florida **Noodling for**

Flatheads Burkhard Bilger,2001-03-22 The Old South is slow to give up its secrets Though satellite dishes outnumber banjo players a thousand to one most traditions haven t died they ve just gone into hiding Cockfighting is illegal in forty eight states yet there are three national cockfighting magazines and cockpits in even the most tranquil communities Homemade liquor has been outlawed for more than a century yet moonshiners in Virginia still ship nearly one million gallons a year

Some of these pastimes are ancient others ultramodern some are illegal others merely obscure But the people who practice them share an undeniable kinship Instead of wealth promotion or a few seconds of prime time they follow dreams that lead them ever deeper underground They are reminders ultimately that American culture isn't as predictable as it seems that the weeds growing between its cracks are its most vital signs of life In these masterfully crafted essays Burkhard Bilger explores the history and practice of eight such clandestine worlds Like John McPhee and Ian Frazier he introduces us to people whose spirit of individualism keeps traditions alive from a fifty something female coon hunter who spends 340 nights a year in the woods to a visionary frog farmer and a man whose arms are scarred by the eighty pound catfish he catches by hand A fluid combination of adventure history and humor Noodling for Flatheads is evocative intelligent and wonder fully weird a splendid antidote to the sameness of today's popular culture
