Soviet Administrative Elite

Kenneth C. Farmer

Soviet Administrative Elite:

The Soviet Administrative Elite Kenneth C. Farmer, 1992-04-16 An analytical study of the Soviet political elite as a body from 1917 to 1990 Focusing on the changing structure of the elite it is based partly on Kenneth C Farmer s database consisting of biographical and career data on over 1500 high level leaders Transition to Technocracy Don Karl Rowney, 1989 *The Soviet Administrative Elite* Kenneth C. Farmer, 1992-04-16 An analytical study of the Soviet political elite as a body from 1917 to 1990 Focusing on the changing structure of the elite it is based partly on Kenneth C Farmer s database consisting of biographical and career data on over 1500 high level leaders *The European Administrative Elite* John Alexander Armstrong, 2015-03-08 Although there have been other studies of elite administrators in France Great Britain Germany and Russia John Armstrong has made the first systematic comparison of their roles especially their inclination to participate in economic development Drawing on role theory and theories of socialization and recruitment he analyzes the influences that family secondary school specialized university instruction and in service experiences have had on administrators Currents of ideas class concepts of appropriate role behavior and organizational peculiarities are also examined as possible influences By exploring this subject over a long period in some cases reaching as far back as the seventeenth century this book shows how changing definitions of administrators roles reflect their position in society and permit the exploration of changing socialization processes The long time span also shows how factors such as administrative intervention can change from being marginally important to crucial in affecting economic growth From the diverse European experience the author distills five factors which he hypothesizes have exerted a constant positive influence on administrative intervention in economic development and suggests how these factors might be applied in analysis of other societies He also provides a wealth of statistical data and an extensive bibliography Originally published in 1973 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Karl W. Ryavec, 2005 This unique study provides an original nitty gritty view of the true nature and operation of Russia s state bureaucracy from the imperial period to the present including the Putin presidency The only book length exploration of the problems and deficiencies of Russian bureaucracy since tsarist times this detailed work sheds important new light on Russian public administration an often overlooked but key barrier to Russian normalization and democratization **Elite Dualism and Leadership Selection in China** Xiaowei Zang, 2004-03-01 Who are the top political leaders in China What are the major criteria in elite recruitment How is job promotion in high politics determined By studying over one and a half thousand top political Chinese leaders this book seeks to answer these questions and as a result defines how Chinese

leadership is stratified Unlike existing research on Chinese leaders *Elite Dualism and Leadership Selection in China* draws on extensive statistical information and data analysis It evidences how political development in the reform era has led to the division of labour between the Chinese Communist Party CCP and the government in governance leading to two distinctive career paths in the two political systems respectively Key issues examined include the different criteria the CCP and the government demand the requirements for promotion the effect of university education on the rate of mobility the different affiliations of the two groups the role of cooptation in leadership selection Many of the elites discussed are still leading figures in China making this book the most up to date and extensive biographical data set in elite studies This allows for a meaningful analysis of elite behaviour in China for the first time in Chinese Studies This book will be useful to both students of Chinese studies and comparative politics and will also interest researchers political commentators statesmen and China watchers

Artificial Intelligence: Anthropogenic Nature vs. Social Origin Elena G. Popkova, Bruno S. Sergi, 2020-02-22 This book presents advanced research studies on the topic of artificial intelligence as a component of social and economic relations and processes It gathers research papers from the International Research to Practice Conference The 21st Century from the Positions of Modern Science Intellectual Digital and Innovative Aspects May 23 24 2019 Nizhny Novgorod Russia and the International Research to Practice Conference Economics of Pleasure a Science of Enjoying Economic Activities October 3 5 2019 Prague Czech Republic Both conferences were organized by the Autonomous Non Profit Organization Institute of Scientific Communications Volgograd What sets this book apart from other publications on the topic of artificial intelligence is that it approaches AI not as a technological tool but as an economic entity Bringing together papers by representatives of various fields of social and human knowledge it systematically reflects on various economic social and legal aspects of the creation application and development of artificial intelligence Given the multidisciplinary nature of its content the book will appeal to a broad target audience including those engaged in developing AI scientific research institutes and universities and Industry 4 0 enterprises interested in its implementation as well as state regulators for the digital economy

Soviet Regional Elite Mobility After Khrushchev William A. Clark, 1989-07-21 Clark's groundbreaking study covers the period in Soviet political history from the fall of Nikita Khrushchev in late 1964 through the spring of 1987 and examines the forces affecting regional elite mobility throughout the Soviet Union during these years Turning the explanatory focus away from the traditional areas of patronage and clientelism Clark adopts a novel approach to the subject by concentrating on structural variables such as the economic social and demographic aspects of the regions themselves as key elements of an explanation for long term mobility trends In addition to his focus on non traditional variables the broad chronological scope of the study and the fact that all Soviet republics with equivalent party structures are examined make Clark's work especially valuable for graduate students and scholars of Soviet politics and government seeking a more general and inclusive explanation of regional elite mobility than has been available in previous studies of the subject The study is

based on an exhaustive examination of the careers of over 275 Obkom regional party committees First Secretaries As a result of this analysis the 129 regional party structures of the USSR are ranked hierarchically with respect to political mobility Throughout the study Clark seeks to isolate non idiosyncratic variables to explain the significant variance in mobility opportunities offered by the various regional party units Thus rather than relying on the traditional personalistic variables Clark seeks to identify independent variables that have explanatory value throughout the Soviet system Finally Clark examines the effects of background characteristics and functional career types on elite mobility at the Obkom tier and analyzes changes in regional cadres policy after Brezhnev Six appendices provide additional information for the student and researcher

1974 *Annual Supplement* Joan Schmitz Bergholt,2013-12-21 **The Creation of Soviet Turkmenistan, 1924-1938** Adrienne Lynn Edgar,1999 *The Soviet and Post-Soviet Review* ,1996 **The Russian Way of War** Richard W. Harrison,2001 In this first comprehensive treatment of the subject Richard Harrison shows how this theory emerged and developed to become despite radically different political settings and levels of technology essential to the Red Army s victory over Germany in World War II **Elites and Social Change** Heinrich Best,2009 This book offers a selection of papers from the conference which was held by the Sonderforschungsbereich Collaborative Research Center 580 in Dornburg near Jena Germany International experts discuss key issues of contemporary sociological research on the late socialist societies their power and functional elites and their experiences of transition In its first section the recruitment and careers of socialist and post socialist administrative and economic elites is observed In its second section the focus is on elites as creators and creations of social and political change This book is an excellent analysis showing that elites play the decisive role in the multi layered process of societal transition just as they provided the key to understanding the societal dynamics and mechanisms of state socialism before the collapse of the system International Encyclopedia of the Social & Behavioral Sciences Neil J. Smelser,Paul B. Baltes,2001 The largest work ever published in the social and behavioural sciences It contains 4000 signed articles 15 million words of text 90 000 bibliographic references and 150 biographical entries

Soviet Urban Management, with Comparisons to the United States Carol Weiss Lewis,Stephen Sternheimer,1979 **Elites, Crises, and the Origins of Regimes** Mattei Dogan,John Higley,1998-07-09 Most political regimes whether authoritarian or democratic are born in abrupt brutal and momentous crises In this volume a group of prominent scholars explores how these seminal events affect elites and shape regimes Combining theoretical and case study chapters the authors draw from a wide range of historical and contemporary examples to challenge mainstream developmental explanations of political change which emphasize incremental changes and evolutions stretching over generations Instead the authors argue here political leaders and elites possess significant autonomy and latitude for maneuver especially in times of crisis Elites choices are frequently decisive in the making of regimes and the forging of national political histories Providing a sustained comparative analysis of elites their circulation and behavior across times and countries this lucid

volume will be invaluable for scholars and students alike
Rudranand Thakur, M. K. Gaur, 1988 Contributed articles
Stuart Lane, 1988 This book constitutes an impressive contribution to Soviet Studies It is essential reading for specialists and teachers of soviet studies Reviewing Sociology Lane has produced a timely and interesting collection of writings on the political role of elites in the Soviet Union This is an excellent collection of studies on a very interesting topic Mark Galeotti Millennium *The American Historical Association's Guide to Historical Literature* American Historical Association, 1995 Contains nearly 2 000 annotated citations primarily English language works divided into forth eight sections citations refer chiefly to works published between 1961 and 1992
