Soviet Dictatorship:

The Soviet Dictatorship Herbert McClosky, John Elliott Turner, 2012-06-01 *The Stalinist Dictatorship* Christopher Edward Ward, 2018-10-24 From the late 1920s onwards forced collectivisation state directed industrialisation mass purging and the party's control of culture refashioned Russia and gave birth to a new type of society The second revolution and its aftermath remodelled the Soviet State and the Bolshevik party restructured all institutions and reconstituted all social relationships Millions found their lives changed forever Nothing was untouched and no one was unaffected Presiding over these momentous changes was Joseph Stalin one of the twentieth century's most disturbing figures The Stalinist Dictatorship looks at the regime from three different perspectives Section one focuses on interpretations of Stalin's character and attempts to explain the everlasting puzzle of the relationship between events and personality Section two looks at Stalin's role within the Soviet Union and sees him as only one part albeit an important one of a complex culture of politics and administration The final section examines the ways in which the Soviet people handled socialism and how Stalinism functioned on the ground The vicissitudes in Stalin's reputation reflect the vicissitudes of the history of the twentieth century itself Stalin became a symbol of a new system a socialist alternative to the capitalist path **Soviet Rule in Russia** Walter Russell Batsell, Bureau of International Research of Harvard University and Radcliffe College, 1929 **Women in the Soviet Union**, 1929 Russia and the Soviet Union Thomas R. Cantwell, Jan Brady, 2008 The latest addition to the McGraw Hill Modern History list addresses the HSC National Study Russia and the Soviet Union 1917-1941 Written by the highly respected authors Thomas Cantwell and Jan Brady *Russia and the Soviet Union Autocracy to Dictatorship* examines the events ideology and personalities of Russia and the Soviet Union during this intense period of social and political upheaval The major issues and events are examined from all perspectives to provide students with the opportunity to analyse interpret and develop their understanding of the topic Dictatorship and Democracy in the Soviet Union Anna Louise Strong, 1934 *Russia and the USSR, 1855-1991* Stephen J. Lee, 2006 Russian history since 1855 has been marked by the rule of the Tsarist autocracy and Soviet communism This title examines both comparing their ideologies and their use of terror and repression to crush opposition to their rule **Terror and Progress USSR** Barrington Moore, 1954 The Communist Party of the Soviet Union Vyacheslav Mikheylovich Molotov, 1929 The Soviet Union, the League of Nations and Disarmament: 1917-1935...[by] Wilbur Lee Mahaney, Jr Wilbur Lee Mahaney, 1940 The Stalin Dictatorship Thomas Henry Rigby, 1968 *The Revolution Betrayed* Leon Trotsky, 1991 The bourgeois world at first tried to pretend not to notice the economic successes of the soviet regime the experimental proof that is of the practicability of socialist methods The learned economists of capital still often try to maintain a deeply cogitative silence about the unprecedented tempo of Russia's industrial development or confine themselves to remarks about an extreme exploitation of the peasantry They are missing a wonderful opportunity to explain why the brutal exploitation of the peasants in China for instance or Japan or India never

produced an industrial tempo remotely approaching that of the Soviet Union Facts win out however in the end The bookstalls of all civilized countries are now loaded with books about the Soviet Union It is no wonder such prodigies are rare The literature dictated by blind reactionary hatred is fast dwindling A noticeable proportion of the newest works on the Soviet Union adopt a favorable if not even a rapturous tone As a sign of the improving international reputation of the parvenu state this abundance of pro soviet literature can only be welcomed Moreover it is incomparably better to idealize the Soviet Union than fascist Italy The reader however would seek in vain on the pages of this literature for a scientific appraisal of what is actually taking place in the land of the October revolution Description from <http://www.marxists.org/archive/trotsky/1936/revbet/intro.htm> April 12 2012
