

Special Relations

N Noddings

Special Relations:

Special Relations Howard Malchow, 2011-02-18 A study of Anglo American cultural and countercultural exchange from the mid Fifties to the mid Seventies Special Relations explores aspects of London modernism the anti war movement student rebellion black power the second wave feminist and gay liberation movements and transatlantic nostalgia

Russian-German Special Relations in the Twentieth Century Karl Schlogel, 2006-08-01 Twentieth century Europe especially Central Eastern Europe has been largely defined by Russia and Germany In this century cultural and economic exchanges between the two countries were as active as the fires of hatred intense The smaller states in between with their unstable borders and internal minorities suffered from the powers alliances and their antagonisms This volume of new research in political and cultural history examines the two powers turbulent relationship including the pre 1914 era of exchange and cooperation the projects of modernity in post revolutionary Russia and Weimar Germany the struggle for dominance over Central Europe in World War II and mutual views of Germans and Russians after 1945 In the wake of the crucial events of 1989 and the transformation of German Russian relations it asks whether the configuration of Russian German relations that once dominated twentieth century Europe has now dissolved leaving us to find new ways of cooperation between New Russia and New Europe

The Special Relationship between West Germany and Israel Lily Gardner Feldman, 2025-04-30 First Published in 1984 The Special Relationship between West Germany and Israel stresses the uniqueness of the historical ties between Germans and Jews but attempts to set the implementation of post war German Israeli policy relations in the context of a general theory of bilateral ties between states Lily Gardner Feldman has articulated the concept of the special relationship and indicated its relevance for other international partnerships including those between France and Germany and the United States and Israel It is difficult to imagine a less likely bilateral relationship of friendship and mutual support after World War II than one between Germans and Jews Yet in their simultaneous efforts to establish legitimacy in the family of nations the Federal Republic of Germany and Israel turned to each other And so in one of history s greatest ironies West Germany looked to Israel for the Nazi victims to acknowledge the moral acceptability of the successor state and Israel looked to as Germany as the lone industrial state with both the means and the will to provide a measure of economic security This book reveals the intricacies of the German Israeli policy relationship in a setting of extensive and complicated ties between German and Israeli societies and individuals It is based on more than 100 interviews with key actors in erstwhile West Germany and Israel The innovative combination of theory and practice about such dramatic historical and contemporary importance should appeal not only to academics but also to the policy communities
