

Stepan Razin

Алексей Чапыгин

Stepan Razin:

Stepan Razin Алексей Чапыгин,1946 A novel about the Cossack leader who led a major uprising against the nobility and tsarist bureaucracy in southern Russia in 1670 1671 Chapygin drew upon Russian folklore for both the style of Stepan Razin and the positive and romanticized portrait of Razin himself The Soviets excused this modernization of history as a justifiable polemic against the negative portrayal of Razin in 19th century Russian literature **Stepan Razin** Алексей Чапыгин,1946 A novel about the Cossack leader who led a major uprising against the nobility and tsarist bureaucracy in southern Russia in 1670 1671 Chapygin drew upon Russian folklore for both the style of Stepan Razin and the positive and romanticized portrait of Razin himself The Soviets excused this modernization of history as a justifiable polemic against the negative portrayal of Razin in 19th century Russian literature Ataman Stepan Razin Al Altaev,1920 **Stepan Razin** Alekseĭ Chapygin,1946

Spatial Revolution Christina E. Crawford,2022-02-15 Spatial Revolution is the first comparative parallel study of Soviet architecture and planning to create a narrative arc across a vast geography The narrative binds together three critical industrial residential projects in Baku Magnitogorsk and Kharkiv built during the first fifteen years of the Soviet project and followed attentively worldwide after the collapse of capitalist markets in 1929 Among the revelations provided by Christina E Crawford is the degree to which outside experts participated in the construction of the Soviet industrial complex while facing difficult topographies near impossible deadlines and inchoate theories of socialist space making Crawford describes how early Soviet architecture and planning activities were kinetic and negotiated and how questions about the proper distribution of people and industry under socialism were posed and refined through the construction of brick and mortar steel and concrete projects living laboratories that tested alternative spatial models As a result Spatial Revolution answers important questions of how the first Soviet industrialization drive was a catalyst for construction of thousands of new enterprises on remote sites across the Eurasian continent an effort that spread to far flung sites in other socialist states and capitalist welfare states for decades to follow Thanks to generous funding from Emory University and its participation in TOME Toward an Open Monograph Ecosystem the ebook editions of this book are available as Open Access volumes from Cornell Open cornellpress.cornell.edu/cornell-open and other repositories **Nikolay Myaskovsky** Gregor Tassie,2014-05-05 Gregor Tassie describes Nikolay Myaskovsky as one of the great enigmas of 20th century Russian music Between the two world wars the symphonies of Myaskovsky enjoyed great popularity and were performed by all major American and European orchestras they were some of the most inspiring symphonic works of the last hundred years and prolonged the symphonic genre But accusations of formalism at the 1948 USSR Composers Congress resulted in the purposeful neglect of his music until the collapse of the Soviet Union Myaskovsky wrote some of the most inspiring symphonic works of the last hundred years and prolonged and extended the symphonic genre In *Nikolay Myaskovsky The Conscience of Russian Music* Tassie gives readers the first modern English language biography of this Russian composer since his death in 1950 Tassie draws together

information from the composer's diaries and letters as well as the memoirs of friends and colleagues even his secret police files to chronicle Myaskovsky's early life subsequent far reaching influence as a composer teacher and journalist and his final persecution by the Soviet government This biography will surely rekindle interest in Myaskovsky's remarkable body of work and will interest aficionados students and scholars of the modern classical music tradition and history of the arts in Russia

The Cambridge Companion to Shostakovich Pauline Fairclough, David Fanning, 2008-10-30 As the Soviet Union's foremost composer Shostakovich's status in the West has always been problematic Regarded by some as a collaborator and by others as a symbol of moral resistance both he and his music met with approval and condemnation in equal measure The demise of the Communist state has if anything been accompanied by a bolstering of his reputation but critical engagement with his multi faceted achievements has been patchy This Companion offers a starting point and a guide for readers who seek a fuller understanding of Shostakovich's place in the history of music Bringing together an international team of scholars the book brings research to bear on the full range of Shostakovich's musical output addressing scholars students and all those interested in this complex iconic figure

Stalin's Usable Past David Brandenberger, 2024-05-21 At the height of the Great Terror in 1937 Joseph Stalin took a break from the purges to edit a new textbook on the history of the USSR Published shortly thereafter the Short History of the USSR amounted to an ideological sea change Stalin had literally rewritten Russo Soviet History breaking with two decades of Bolshevik propaganda that styled the 1917 Revolution as the start of a new era In its place he established a thousand year pedigree for the Soviet state that stretched back through the Russian empire and Muscovy to the very dawn of Slavic civilization Appearing in million copy print runs through 1955 the Short History transformed how a generation of Soviet citizens were to understand the past not only in public school and adult indoctrination courses but on the printed page the theatrical stage and the silver screen Stalin's Usable Past supplies a critical edition of the Short History that both analyzes the text and places it in historical context By highlighting Stalin's precise redactions and embellishments historian David Brandenberger reveals the scope of Stalin's personal involvement in the textbook's development documenting in unprecedented detail his plans for the transformation of Soviet society's historical imagination

Library of Congress Subject Headings Library of Congress, 2006 **Playing Robin Hood** Lois Potter, 1998 These essays explore the Robin Hood legend in performance from three perspectives its Tudor social and theatrical context its adaptations and analogues in other cultures and its later history in theatre and film **Stepan Razin** Z. I.
