## **Texts Of Terror:**

Texts of Terror (40th Anniversary Edition) Phyllis Trible, 2022-04-05 In this seminal work of biblical scholarship Phyllis Trible focuses on four variations on the theme of terror in the Bible as she reinterprets the stories of four women in ancient Israel Trible shows how these neglected stories interpreted in memoriam challenge both the misogyny of Scripture and its use in church synagogue and academy

**Texts after Terror** Rhiannon Graybill, 2021-04-23 Texts after Terror offers an important new theory of rape and sexual violence in the Hebrew Bible While the Bible is filled with stories of rape scholarly approaches to sexual violence in the scriptures remain exhausted dated and in some cases even un feminist lagging far behind contemporary discourse about sexual violence and rape culture Graybill responds to this disconnect by engaging contemporary conversations about rape culture sexual violence MeToo and feminist theory

Law, Text, Terror Ian Ward, 2009-04-16 Ian Ward places contemporary political and jurisprudential responses to terrorism within a broader literary cultural and historical context

**The Shining Garment of the Text** Alison E. Jasper, 1998 Taking the prologue of John's Gospel as a case study in feminist biblical criticism the author engages with a persistent view that the biblical text is seriously compromised by its association with patriarchal values Close analysis of five interpretations by Augustine Hildegard von Bingen Martin Luther Adrienne von Speyr and Rudolf Bultmann shows how unavoidably interpretation clothes the biblical text with the varied and dazzling patterns of the patriarchal reading context But in a second turn drawing on the techniques of both structuralist criticism and deconstruction and offering three further inventive readings of this powerful passage Jasper reflects woman and the feminine in the shining garment of her own contextualized reading

**Queering Christ** Robert Goss, 2002 Many aspects of the work are guaranteed to be highly controversial within and outside of the LGBT community

BOOK JACKET

**Violence Against Women** Elisabeth Schüssler Fiorenza, Mary Shawn Copeland, 1994 This issue aims not only to raise church consciousness about the existence of widespread violence against women but also to explore its significance for a feminist rearticulation of Christian theology Accounts of women's experiences of violence are followed by discussions of cultural identity values including the pornographic exploitation of women a third part discusses the church's encouragement of violence against women and the issue ends with new means of feminine empowerment

**Gender Roles** Linda L. Lindsey, 2005 The 4th edition of Gender Roles provides the best balance between gender and women as a focus especially with the expanded content on men and masculinity It addresses religion and integrates history at various points An objective of the book is to dispel myths about gender Both sociological and interdisciplinary content organized around clear and appropriate research serves this objective well providing readers with a sociological perspective of gender that can be meaningfully applied to their daily lives The more controversial topics related to gender have a greater array of supporting references directing readers to explore the topics further Gender Roles integrates insights and research from other

disciplines especially biology psychology anthropology and history Interdisciplinary material is organized presented and guided by the sociological perspective however so readers can understand the commonalities and differences in the ways the various disciplines research and explain gender An exciting and interesting read for anyone interested in gender roles and sexual identity

**The First and Second Letters to Timothy** Luke Timothy Johnson, 2008 The letters of Paul to Timothy one of his favorite delegates often make for difficult reading in today's world They contain much that make modern readers uncomfortable and much that is controversial including pronouncements on the place of women in the Church and on homosexuality as well as polemics against the so called false teachers They have also been of a source of questions within the scholarly community where the prevailing opinion since the nineteenth century is that someone else wrote the letters and signed Paul's name in order to give them greater authority Using the best of modern and ancient scholarship Luke Timothy Johnson provides clear accessible commentary that will help lay readers navigate the letters and better understand their place within the context Paul's teachings Johnson's conclusion that they were indeed written by Paul himself ensures that this volume like the other Anchor Bible Commentaries will attract the attention of theologians and other scholars

**Gendering the Spirit** Durre Ahmed, 2002-06 Religion remains a powerful reality for countless human beings across a range of cultures and systems of beliefs This text is about the devotional subcultures created by women Its authors draw their evidence and inspiration from Hindu Buddhist Islamist and Christian traditions Here we find women as healers goddesses saints gurus nuns and heretics all sharing a defiance of orthodoxy and fundamentalist oppressions of women

**Children's Voices** Annemie Dillen, Didier Pollefeyt, 2010 This book deals with themes concerning religious education and the spirituality of children Throughout the seventeen chapters the book stimulates a scholarly discussion about children and theology The book makes clear that classical Christian theology can benefit from taking seriously children's voices and reflections about children The volume demonstrates how nuanced and interdisciplinary reflections can be relevant for Christian and social practices of adults with children and how these practices can influence theology This volume asks the following questions Why is it important that we hear the voices of children and what does this mean for how we treat children and relate to them What do the voices of children express How do children experience society and in particular religion and what do they have to say about it What do the voices of children mean for theology ethics and religious education In what way can our theology change when we see reality from the perspective of children This book consists of five parts In the first part the reader receives an overview of the current challenges concerning children and spirituality The two chapters of this part offer an introduction to contemporary thinking about children theology and spirituality and the place of children's voices within this scope The second part refers to biblical sources for contemporary theological reflection on children The third part contains pedagogical and ethical reflections on children as well as a view from practical theology

about children in the world and the responsibility of churches This third part looks mainly at children in relation to society both in the past and in the present The fourth part focuses on children living in the family which is seen as a domestic church The fifth part takes up the theme of children s spirituality again showing children s own spiritual reflection and ways of theologizing with children in church and family contexts by communication literature and all forms of religious education and or catechesis *Fides Et Historia* ,2004 **The Holy Scriptures According to the Masoretic Text** ,1917 Journal of Feminist Studies in Religion ,1997 **The Comical Doctrine** Rosalind M.
