Samuel Evans Stokes

Texture Of The Divine:

The Texture of the Divine Aaron W. Hughes, 2003-12-09 The Texture of the Divine explores the central role of the imagination in the shared symbolic worlds of medieval Islam and Judaism Aaron W Hughes looks closely at three interrelated texts known as the Hayy ibn Yaqzan cycle dating roughly from 1000 1200 CE to reveal the interconnections not only between Muslims and Jews but also between philosophy mysticism and literature Each of the texts is an initiatory tale recounting a journey through the ascending layers of the universe These narratives culminate in the imaginative apprehension of God in which the traveler gazes into the divine presence The tales are beautiful and poetic literary works as well as probing philosophical treatises on how the individual can know the unknowable In this groundbreaking work Hughes reveals the literary initiatory ritualistic and mystical dimensions of medieval Neoplatonism The Texture of the Divine also includes the first complete English translation of Abraham Ibn Ezra's Hay ben Meqitz Rabbi Joseph Gikatilla's Hermeneutics Elke Morlok, 2011 A revision of the author's thesis doctoral Hebrew University Jerusalem 2008 **Reading St. Luke's Text and Theology: Pentecostal Voices** Riku P. Tuppurainen, 2019-10-16 Lukan narrative takes its readers into God's story how his salvation plan in Jesus began on the slopes of Judea and at the Sea of Galilee ending on the hill of Calvary and the Mount of Olives yet moving on and telling how the Spirit descended onto the Temple Mount empowering God's people who then began to fulfill the given mandate in the presence of the Spirit Yet readers of Luke Acts throughout the centuries have had a meandering journey as they have tried to understand the narrative's persuasion and Spirit references This book seeks to bring awareness to these challenges by some of the most respected Pentecostal biblical scholars and systematicians Here their vigorous labor with the questions of hermeneutics and theology in relation to Lukan writings have come to fruition These contributions have been collected as a Festschrift in honor and celebration of the career of Roger Stronstad a Pentecostal biblical scholar whose contribution to Lukan studies have moved Pentecostal scholarship from shadows into daylight The editor of this volume invites the readers of Lukan narrative to journey together on the road to Emmaus as we continue to ponder the events in the past the present and the future The Greek Atomists and Epicurus Cyril Bailey, 1928 A study of the development of atomism in Greece The Sermon on the Mount and the Ewes of Ghana Frederick Mawusi Amevenku, 2023-11-07 Using socio rhetorical interpretation to study Matthew's Sermon on the Mount the book explores the contextual interpretation of the sermon among the Ghana Ewe The book argues that the Sermon on the Mount can be viewed as Jesus new kingdom gospel and a reinterpretation of the Mosaic law teaching not only ethics but also kingdom appropriate righteousness for theological and ethical renewal Kingdom appropriate righteousness is nurtured through daily exchanges with God leading to habitual forgiveness and subsequent divine perfection of love for God and one's enemies In the contemporary context kingdom appropriate righteousness challenges the deficient compulsory wealth prosperity gospel Christianity that is promoted in contemporary Ghana and elsewhere Biblical Exegesis in African Context Frederick

Mawusi Amevenku, Isaac Boaheng, 2021-09-07 Biblical Exegesis in African Context explores how the Church in Africa can affirm its uniqueness in terms of the African identity and experiences and at the same time remain faithful to the gospel message. The volume begins with an explanation of exegesis and hermeneutics and the agenda for the rest of the book is set. The second chapter deals with textual criticism which is the task of determining the originality of a biblical text. In chapter three issues related to the context of the text are considered after which the volume proceeds to examine the various literary forms present in the Bible prominent among them being Narrative Law Poetry Prophecy Wisdom Literature Gospels Acts of the Apostles Epistles and Revelation. The authors then dedicate the next chapter to discussions on socio rhetorical interpretation. The final chapters of the book deal with matters solely related to the context of Africa this part intends to equip readers to be able to interpret the Bible from African cultural perspectives and then apply the gospel message meaningfully to the life of African Christians. Chapter seven deals with the emergence and historical development of African Biblical Studies ABS noting its relevance and how Africans can benefit from it. The main contention of the chapter is that Africans will better understand and apply God's word to their lives if they read the Scriptures in an African way. The volume then explores how African languages can be used to derive the meaning of scripture and apply it to real life situations. Here the authors contribute to the development of MTBH by developing a methodological framework for this interpretative tool. The next chapter of the volume deals with mother tongue theologizing in Ghana. The final chapter considers the legitimacy of female leadership in the Church within the African context through the examination of two Pauline texts. This volume will be of interest to undergraduate and graduate seminary students students of Biblical Interpretation in religions departments as well as practicing pastors.

Examining connections between Jewish philosophy the literary form in which it is expressed and the culture in which it is produced Hughes shows how Jews understood and struggled with their social religious and intellectual environments. In this innovative and insightful book Hughes addresses various themes associated with the literary form of dialogue as well as its philosophical reception. Why did various thinkers choose dialogue? What did it allow them to accomplish? How do the literary features of dialogue construct philosophical argument? As a history of philosophical form context and practice this book will interest scholars and students working at the intersections of religious studies philosophy and literature.
