That Of Perfectly Useless Information:

The Perfectly Useless Book of Useless Information Don Voorhees,2010 A compendium of frivolous facts silly statistics and useless trivia including information on the filming of Star Wars and strange warning labels necessitated by litigation

The Essential Book of Useless Information (Holiday Edition) Don Voorhees,2010-10-05 The useless information never ends in the newest most crucially meaningless addition to the 1 New York Times bestselling series More facts Less substance This cornucopia of amazingly pointless facts and figures will have you marveling at all the things you never needed to know There s no good reason for you to know that Mickey Mouse was banned in Romania that a company sells bikinis made from salmon skin that Brigham Young had fifty five wives that the Romans used to pay their legions in salt But we ll tell you anyway along with where the world s largest ant colony is which country invented figure skating the name of America s bestselling ice cream brand how many muscles make up the tongue

The Indispensable Book of Useless Information Don Voorhees,2011-05-03 Nothing you ll ever need to know is in this book The 1 New York Times bestselling series continues to prove that there are plenty of things in this world no one needs to know about Why bother learning that Poland sells a drink called Fart Juice ATMs in Vatican City are in Latin a two year old learns about ten new words a day President George Washington checked out two library books that are now 220 years overdue Do you really need to know how many clocks are in the Pentagon which state has towns called Intercourse and Virginville what WD 40 stands for the state with the fastest drivers

That Book Mitchell Symons,2004-10-26 Collects trivia from a wide range of subjects including the wearing of earrings by pirates to improve their eyesight the tongue s role as the strongest muscle in the human body and the historical origins of the word Bigwig

The Super Book of Useless Information Don Voorhees,2011-10-04 Faster than a speeding bullet more useless than ever before The 1 New York Times bestselling series reaches new heights of irrelevance with this powerfully pointless all new collection of the things you never need to know Do you actually care that there are three feet of DNA in every cell Saturn has 47 moons March is National Frozen Foods Month in 2010 a traffic jam in China lasted ten days Would it improve your life to know which movie star wanted to be a funeral director which state has the most horses per square mile which dictator was obsessed with Cheetos what day of the year the most cars are stolen in the United States

Essential Shit - Facts That Will Scare the Total Shit Out of You! Cary McNeal,2012-04-01 Disturbing phenomena are everywhere we turn and this book is jam packed with facts that will truly horrify you but undoubtedly entertain and educate at the same time From the ugly truth about food and drink to the human body exposed to the beastly tales of creatures that outnumber us no subject is off limits Did you know there is a sneaky fish that can swim up your genitals Or that the average human loses 85 000 brain cells each day If not read on there s plenty more where that came from

Why Secret Intelligence Fails Michael A. Turner,2005 Michael Turner argues that the root causes of failures in American intelligence can be found in the way it is organized and in the intelligence process itself Intelligence that has gone awry

affects national decision making and ultimately American national security Intelligence officials are reluctant to talk about intelligence successes claiming the secret of our success is the secret of our success But these officials also shy away from talking about failures largely because doing so would expose the failings of American intelligence and have an impact on policy consumers who may become more reluctant to accept and act on the intelligence they receive Rather than focusing on case studies the book takes a holistic approach beginning with structural issues and all dysfunctions that emanate from them Turner explores each step of the intelligence cycle priority setting intelligence collection analysis production and dissemination to identify the inflection points within each stage that contribute to intelligence failures Finally he examines a variety of plans that if implemented would reduce the likelihood of intelligence failures While examining the causes of intelligence failures Turner also explores intelligence as a critical governmental activity making the book an excellent primer on secret intelligence Turner writes in jargon free prose for the informed reader interested in foreign policy and national security policy matters and brings enough depth to his subject that even experts will find this a must read

Attack of the Killer Facts! Eric Gryzymkowski,2011-04-18 Factoid Attack Inherent sadistic streak in dentists confirmed The electric chair was invented by a dentist Dr Alfred Southwick Not surprising dentists have been perfecting torture devices for centuries Factoid Attack Galaxy at risk Intelligent life in short supply In 1961 Astronomer Frank Drake estimated the number of probable intelligent civilizations inhabiting our galaxy Using conservative numbers that estimate came to 10 000 Unfortunately we are not included in that total Factoid Attack Colorblind bulls hate all matadors equally The color of a matador s cape or muleta is traditionally red which is widely believed to irritate the bull In reality bulls are colorblind so it is irrelevant what color cape a matador uses to antagonize them Shot in the dark but maybe it s the being stabbed with swords bit that pisses them off Forget Fringe Warehouse 13 and The X Files In this book you ll find more weird and wacko truths than in all those combined From golden poison dart frogs with enough venom to kill ten grown humans to cockroaches that can survive radiation 15 times stronger than what kills people scary and strange just got scarier and stranger

The Incredible Book of Useless Information Don Voorhees,2012-10-02 The 1 New York Times bestselling series continues to delight and astound with an all new collection of surprisingly unnecessary facts and figures Would it surprise you to learn it takes a sloth about a month to digest a meal more tourists visit France than any other nation in the world the United States still has debt from the Revolutionary War Do you think you ever need to know what type of trees are most frequently struck by lightning how much a clerk was paid for penning the U S Constitution which celebrity uses the pseudonym Slappy White
