Godefroy, Transform difficult relations complex issues and ideas down to concise actionable material The problem with difficult people is that well they are difficult and they are everywhere in the cafe at the office in stores or at school But with the ability to recognize them for what they are to protect yourself against them and to turn their defences upside down you can reach your goals Sadly most people don t know how to cope with difficult people Either they are contaminated by the agressivity or negativity or they get into a verbal fight with these difficult persons Sometimes they even lose faith and try to go around the difficulties but that can only last so far But you can make difficult conversations painless There are different kinds of difficult people and

what you ll learn first in this book is to recognize them for what they are You won t be able to cure them they would have to go into therapy most of the time to become better selves But you ll also find your weapons to overcome the obstacle that these aggressive negative or just silent people erect on your path Working in stages to assess the situation and the profile of the difficult people you face you ll be able to shield yourself and turn their shortcomings into an opportunity for both of you You can reach your objectives without resorting to force You have a number of weapons at your disposal whose effectiveness will astonish you once you learn how to use them Whatever type of difficulties you encounter you need a strategy to deal with difficult people effectively and make the occasions a cause for success instead of for failure Here s what you re going to learn inside What if others consider you a difficult person Recognizing the aggressive type Overcoming the negative type Opening up the Clam type Verbal Ping Pong or The Dangers of Playing Offense Four Important Stages The Weapon of Words Shields and Inner Strength The Supreme Weapon Humour How will this book improve you Never fall for people s dirty argument tricks Always find the better arguments to stop confrontation You ll radiate positivity a positivity that circles and comes back to you You ll listen to people in a way that makes them confident about you Finally dealing with difficult people also means dealing with your own fears dispelling those old demons and making your life a harmonious experience that others can share in and admire Your relationships will improve and grow with ease trust and honesty Know exactly how to capitalize on your strengths and minimize your weaknesses with others It s time to break out of your rut and discover what it takes to cope with difficult people Pick up your copy today
