**The Absolutes** Molly Dektar,2023-07-11 Read this Right now Brandon Taylor Molly Dektar can write like hell The Absolutes is simply ravishing Melissa Febos For fans of Emma Cline and Garth Greenwell an arresting seductive novel about one woman s headlong dive into a reckless affair that leaves her teetering on the edge of sanity In truth the idea of evil didn t worry me at all There were all these checks on it of romance and restraint In such a context evil was intriguing When Nora a withdrawn American teenager is sent to live with relatives in Turin she meets Nicola the enigmatic son of the most powerful aristocratic family in Italy Years later the two reconnect in New York and begin a heated affair Propelled by disorienting desire Nora quickly becomes entangled in Nicola s insular menacing world of old world luxury and family secrets When she suspects she s being used in a secret plot to overthrow his corrupt father Nora willfully turns submissive to Nicola pushing against the boundaries of her own moral limits until she finds herself spiraling on a path of self destruction The Absolutes is searing subversive examination of manipulation obsession and sexual desire With unsparing intrigue and ferocity Dektar proves herself to be one of the most ambitious writers working today *The Absolutes* James Robison,2002 The Absolutes identifies 20 rock solid truths upon which Americans can build a national consensus and actually reunite as a people By working in these areas of common ground Christians can minister to nonbelievers while at the same time rebuilding a cultural perspective that produces people who are receptive toward Christianity October **The Transient and the Absolute** Mordecai Roshwald,1999-03-30 The two principles of the Transient and the Absolute are fundamental to man s self perception While we perceive ourselves as transient biological phenomena with a limited span of existence we also view ourselves as immaterial creatures whose personalities persist and are not subject to change This original philosophical essay surveys the totality of human experience from this dual perspective showing the presence and the constant interaction of the two principles in the civilizational endeavors of humanity The author analyzes our constant search for the absolute among transient manifestations in diverse domains such as religion philosophy art society and politics This volume offers a unifying view of the great diversity of human experience based on the author s insight into man s self perception **Ascent to the Absolute** J. N. Findlay,2019-03-06 Originally published in 1970 This book is a collection of lectures and papers given by Professor Findlay in the 1960s The theme is an argument for a metaphysical Absolute in the sense of post Hegelian Idealism Findlay s word for the Absolute process is Enterprise which must be necessary in thought and reality This ontological argument goes further than previous cosmological arguments and addresses both traditions from ancient philosophy and the modern Anglo American school of philosophy The book discusses the case for a Perfect Being a Necessary Being and in a change to Findlay s previous published thought presents a case for mysticism **The Demon of the Absolute** Paul Elmer More,1928 The philosophy of naturalism has come pretty well to dominate our thought We are victims of the Demon of the Absolute the Deluder who can take many forms but who for us appears as the idol of Nature set high on the throne of

omnipotence The manifold results of this idolatry I have tried to analyse i e analyze in some of the following essays Pref p x xi
