**Bill McDonald**

## **The Japanese Connection:**

*The Japanese Connection* Bill McDonald, 2000-08-28 Early in 1942 the Japanese navy sank the American cruiser Stuart. Our story involves four boatswain mates who were close friends onboard ship and during their subsequent capture and incarceration. They suffer atrocities under the command of a sadistic Sgt Oki Tashino. When it becomes apparent that the end of the war is imminent and that he will have to face the War Crimes Committee, Tashino switches identities with a dead Japanese soldier. As our story moves forward to the present, the crew of the Stuart is having their annual reunion when word is received that Oki Tashino is alive and touring the U S on business. Even if his true identity is revealed, Tashino will remain a free man under the provisions of a 1952 peace treaty that released all War Crimes prisoners, terminating all legal, moral, and humanitarian obligations to individuals who suffered direct consequences of incarceration by Japan during World War II. One week after the reunion, Tashino is found murdered in his hotel room on Long Island. The subsequent police investigation points to a crewmember of the Stuart. But Detective Frank Arena is assigned to the case and ultimately discovers the murderer.

*Business Guide to Japan* Boye Lafayette De Mente, 2011-07-05 Conducting business in Japan, a delicate and valuable skill, is explained by a true master of Japanese culture. Not only is Japan the world's third largest economy, it is a global center for design for non-Japanese businesses looking to expand into international markets. But business people from outside Japan quickly discover that doing business in Japan is unlike anything they've experienced before. They find Japanese business etiquette and culture both highly regimented and maddeningly impenetrable, making it difficult to identify much less approach key decision makers or to bring negotiations to a successful close.

Japanologist Boye Lafayette De Mente explains the key aspects of Japanese business practices and protocols with specific advice for approaching and engaging with Japanese executives, their staffs, and their organizations. *Business Guide to Japan* offers you invaluable insights into how to unravel the complicated maze of business bureaucracy, interpret verbal and written messages from your contacts, and create the critical social comfort zone necessary for working with Japanese companies. Doing business with the Japanese can be both challenging and rewarding, and the *Business Guide to Japan* offers you precise guidelines for success.
