Education, Modern Development, and Indigenous Knowledge Seana McGovern,2013-06-17 This book re conceptualizes the field of international and comparative education by utilizing indigenous knowledge as a central component for altering the dominant eurocentric social science research paradigm Examples from indigenous sources of knowledge are juxtaposed to the dominant discourses on education and modern development in subaltern societies in order to provide scholars with alternative ways of viewing education and development and to shape how subaltern peoples are understood and represented in academic research Bibliography Index [Modernity, Development and Decolonization of Knowledge in Central Asia](#) Nafissa Insebayeva,2022-01-04 This book joins the discussion on foreign aid triggered by the rise of multiplicity of emerging donors in international development and explores the transformation of Kazakhstan from a

recipient country to a development aid provider Drawing on fieldwork in Nur Sultan and Almaty Kazakhstan between 2016 and 2019 this research evaluates the philosophy and core features of Kazakhstan's chosen development aid model and explains the factors that account for the construction of aid patterns of Kazakh donorship This book will be of interest to scholars of Central Asia and the emerging politics of Eurasia as well as scholars of politics and aid

Knowledge and Power in the Global Economy David Gabbard, 2000 Illuminates how the meaning of language used to discuss the role reform of US public schools reflects an essentially economic view of the world and offers a set of alternative concepts meanings for reformulating the role of US public schools

Degrowth through Knowledge-Based Development Francisco Javier Carrillo, 2025-05-15 This book tackles the terms under which a knowledge based society can indefinitely improve while pursuing an eco economic steady state In doing so it addresses the literature gap on continued social improvement within a post growth economic and cultural paradigm Carrillo consolidates research on the Degrowth paradigm and proposes a conceptual framework for continued social improvement based on the integration of tangible and intangible collective values He proposes a method that accounts for effective social value through capital systems valuation and development and includes this operational metric system as an alternative to the metric of Gross National Product GNP The book critically examines the challenges of identifying a complete and consistent representation of total social value The book also includes a series of knowledge based development programmes in cities and regions around the world and discusses policies and practices for urban mitigation and adaptation to the Anthropocene This transdisciplinary book will be of particular interest to researchers of degrowth economics sustainable development and urban planning

The Development Dictionary @25 Aram Ziai, 2020-05-21 Few books in the history of Development Studies have had an impact like *The Development Dictionary A Guide to Knowledge as Power* which was edited by Wolfgang Sachs and published by Zed Books in 1992 *The Development Dictionary* was crucial in establishing what has become known as the Post Development PD school This volume is devoted to the legacy of *The Development Dictionary* and to discussing Post Development This book originally published as a special issue of *Third World Quarterly*
