Projecting the Holocaust Into the Present Lawrence Baron,2005 Most Holocaust scholars and survivors contend that the event was so catastrophic and unprecedented that it defies authentic representation in feature films Yet it is precisely the extremity of the Final Solution and the issues it raised that have fueled the cinematic imagination since the end of World War II Recognizing that movies reach a greater audience than eyewitness historical or literary accounts Lawrence Baron argues that they mirror changing public perceptions of the Holocaust over time and place After tracing the evolution of the most commonly employed genres and themes in earlier Holocaust motion pictures he focuses on how films from the 1990s made the Holocaust relevant for contemporary audiences While genres like biographical films and love stories about doomed Jewish Gentile couples remained popular they now cast Jews or non Jewish victims like homosexuals in lead roles more often than was the case in the past Baron attributes the recent proliferation of Holocaust comedies and children s movies to the search for more figurative and age appropriate genres for conveying the significance of the Holocaust to generations born after it happened He contends that thematic shifts to stories about neo Nazis rescuers survivors and their children constitute an expression of the continuing impact the Holocaust exerts on the present The book concludes with a survey of recent films like *Nowhere in Africa* and *The Pianist* **The Fantastic in Holocaust Literature and Film** Judith B. Kerman,John Edgar Browning,2014-11-18 When reality becomes fantastic what literary effects will render it credible or comprehensible To respond meaningfully to the surreality of the Holocaust writers must produce works of moral and emotional complexity One way they have achieved this is through elements of fantasy Covering a range of theoretical perspectives this collection of essays explores the use of fantastic story telling in Holocaust literature and film Writers such as Jane Yolen and Art Spiegelman are discussed as well as the sci fi television series *V* 1983 Stephen King s novella *Apt Pupil* 1982 Guillermo del Toro s *Pan s Labyrinth* 2006 and Martin Scorsese s dark thriller *Shutter Island* 2010 **The Devil's Arithmetic** M. J. Cosson,1999
