Sunspots and the Sun King Ellen McClure,2006-03-31 Ellen M McClure is an associate professor of French at the University of Illinois at Chicago BOOK JACKET **The Sun King's Garden** Ian Thompson,2006-10-31 Presents an illustrated account of the creation of one of the world s most dazzling and extensive gardens the gardens at the palace of Versailles noting the unique four decade friendship between Louis XIV the creator of the garden and Andre Le Ntre the gardener **Memoirs of a Dwarf at the Sun King's Court** Paul Weidner,2004 Set in the over scaled decadent Versailles of Louis XIV Memoirs of a Dwarf is the story of Hugues an impoverished dwarf who maneuvers his way up into the very highest of court circles by clandestinely serving the needs of a mob of unscrupulous gamblers of a priest notorious for saying black Masses at midnight and from under the gaming tables of a number of sex starved society women including Louis s mistress Along the way Hugues finally discovers the truth of his own identity a revelation which is a political bombshell and which subjects him to a grisly turn The story combines historical events and characters Louis his mistresses his outrageous brother Philippe and many other baroque personalities with fictitious ones Hugues s tale reaches its climax during the

famous affaire des poisons the sexual and political scandal that thundered through the royal court and threatened wholesale destruction

In the Sun King's Cosmos Claire Goldstein, 2025-02-15 Offering a new history of a formative cultural and political era through the cosmic phenomena that captured the public's imagination In the winters of 1664-65 and 1680-81 the French public was galvanized by two bright comets whose elliptical orbits could not be mapped with contemporary geometry and that thus seemed to appear in random and unpredictable locations Bookending the period during which Louis XIV's sun king mythology was created these comets defied the heliocentric order to which French politics and culture aspired As Claire Goldstein demonstrates literary texts cultural institutions and architecture inspired by comets offer a different perspective on the relationship between sensory experience ideology and artistic form In the Sun King's Cosmos Comets and the Cultural Imagination of Seventeenth Century France presents an alternative view of a formative era in cultural and political history when distinctly modern forms of power and control were established through a regime of the spectacular Goldstein shows how comets allow us to see the seventeenth century in ways that complicate the narrative of a race toward rationalization classicism and modernity indexing instead a messy period in which the spectacular was sometimes also inscrutable

Royal Maladies Alan R. Rushton, 2008 An intensive historical study of the hereditary diseases hemophilia and porphyria in the personal and political lives of the European royal families Part I Nineteenth century medical knowledge of hemophilia as a hereditary bleeding disorder will be considered Hemophilia appeared in a son born to Queen Victoria in 1853 Hemophilia was transmitted through Victoria's unaffected daughters to the ruling houses in Germany Russia and Spain The political consequences of a chronically ill male heir to the throne fostered the demise of the royal families in these countries The royal physicians were well aware of the hereditary nature of hemophilia and failed to advise the British royal family on this matter that had significant political consequences for the modern world Part II The Madness of King George III resulted from variegate porphyria an inherited disorder of heme metabolism The disorder was evident in The immediate family of George III Ancestors from at least the 13th century Descendants into the 20th century The malady was inherited by other ruling houses in continental Europe and affected political life there for over six centuries Genetic analysis will consider how such an anomaly could have been inherited through so many successive generations Preliminary DNA evidence will be considered to document variegate porphyria in living relatives of the British royal family Alternate history if these disorders had not plagued the royal families will be considered in conclusion

The Sun King Prophecy Jim Packheiser, 2011-05 Two disparate worlds must work together if one is to survive For millennia humans have gone about their daily lives blissfully unaware of the centuries old conflict on another plane of existence But these two places these two peoples share a common thread one that binds them together through the primeval prophecy of the Sun King The lands of exotic Somnium have long been ravaged by war For a blood and conflict filled century two ancient armies have battled with no end in sight The evil black hordes of the Shadow Elves have waged a

constant campaign of death and destruction upon the Sun Elves For over a hundred years the forces of good have gone without the sweet taste of victory The last best hope for the Sun Elves lives on only in the promise of a thousand year old prophecy of a savior from another race one that has long been absent from the ravaged lands of Somnium humanity In Auburn California a young man and his uncle are busy working on a project in the yard when their lives change dramatically There Brendan and Will discover a mysterious rock formation and the journey that awaits inside takes them further away from any known reality than their imaginations could possibly conceive Could this young man or his uncle really be the fulfillment of the Sun King prophecy
