Steven Bingen, 2014-09-16 Movie studios are the wondrous almost magical locales where not just films but legends are created Unfortunately these celebrity playgrounds are and always have been largely hidden from public view Although some movie studios offer tours few guests from outside the Hollywood community have ever been witness to the artistry politics and scandals that routinely go on behind the soundstage walls and away from the carefully orchestrated scenes visible to them from their tram carts In this book studio staff historian and Hollywood insider Steven Bingen throws open Hollywood's iron gates and takes you inside the greatest and yet most mysterious movie studio of them all Warner Bros Long home to the world's biggest stars and most memorable films and television shows the Warner Bros Studio lot functions as a small city and is even more fascinating glamorous and outrageous than any of the stars or movies that it has been routinely minting for more than ninety years Accompanied by stunning behind the scenes photos and maps and including a revealing backstory this book is your ticket to a previously veiled Hollywood paradise Bowker's Complete Video Directory, 1998, 1998 People v.
