Andrea Sabbadini,Ilany Kogan,Paola Golinelli,2018-09-03 Psychoanalytic Perspectives on Virtual Intimacy and Communication in Film brings together a group of psychoanalysts to explore through film the new forms of communication mainly the internet that enter more and more frequently into the affective lives of people their intimacy and even the analytic room The contributors all practising psychoanalysts analyse the potential and surprising transformations that human relationships including psychoanalysis are undergoing At present it is difficult to value the future importance and predict the possible disquieting consequences of the use and abuse of the new technologies we run the risk of finding ourselves unprepared to face this revolutionary transformation in human connections and affects Will it be possible in a near future that human beings prefer to fall in love with a machine gifted with a persuasive voice instead of a psychoanalyst in person The contributors explore the idea that virtual intimacy could begin to replace real life in sentimental and psychoanalytic relationships Imagination and fantasy may be strengthened and may ultimately prevail over the body excluding it entirely Can the voice of the analyst sometimes transmitted only by telephone or computer produce a good enough analytic process as if it were in person or will it help to foster a process of idealisation and progressive alienation from real life and connections with other human beings The film Her 2013 alongside others offers a wonderful script for discussing this matter because of the deep and thoughtful examination of love and relationships in the contemporary world that it provides Psychoanalytic Perspectives on Virtual Intimacy and Communication in Film will be of great interest to all psychoanalysts and psychoanalytic psychotherapists interested in the ongoing impact of technology on human relationships [The Sex Appeal of the Inorganic](#)

Mario Perniola,2022-06-02 In The Sex Appeal of the Inorganic Mario Perniola puts forth the radical argument that we are shifting away from organic sexuality based on desire and pleasure and moving towards a more neutral inorganic and artificial sexuality a sexuality always available but indifferent to beauty age or form Perniola takes the reader on a tour of Western philosophy from Descartes Kant and Hegel to Heidegger Wittgenstein and Sartre to reframe our understanding of personal experience and the aesthetic world around us In order to realize the sex appeal of the inorganic Perniola argues that we must become things that feel we must think ourselves closer to the inorganic creating an alliance

between senses and things Examples from contemporary culture that for Perniola are emblems of the sex appeal of the inorganic include progressive rock music fashion deconstructive architecture and the novels of Georges Perec *Symbolic Interaction and New Social Media* Mark D.
