

A person wearing a wide-brimmed hat and gear is climbing a tree in a dense, green forest. In the foreground, a large white tent is partially visible, suggesting a military or expedition camp. The scene is set in a lush, tropical environment with sunlight filtering through the trees.

War From The Inside:

The Untold War Nancy Sherman,2010 In a book that draws from interviews with soldiers from all major 20th and 21st century conflicts including Iraq and Afghanistan the author illuminates the extent to which wars are fought internally as well as externally with close up looks at the psyches of men and women preparing for experiencing and returning home from war

The War Inside Michal Shapira,2013-09-12 The War Inside is a groundbreaking history of the contribution of British psychoanalysis to the making of social democracy childhood and the family during World War II and the postwar reconstruction Psychoanalysts informed understandings not only of individuals but also of broader political questions By asserting a link between a real war outside and an emotional war inside psychoanalysts contributed to an increased state responsibility for citizens mental health They made understanding children and the mother child relationship key to the successful creation of a democratic citizenry Using rich archival sources the book revises the common view of psychoanalysis as an elite discipline by taking it out of the clinic and into the war nursery the juvenile court the state welfare committee and the children s hospital It traces the work of the second generation of psychoanalysts after Freud in response to total war and explores its broad postwar effects on British society

War From the Inside Frederick Lyman Hitchcock,2009-11 A Union officer on campaign The author of this book served as Adjutant and Major in the 132nd Pennsylvania Volunteer Infantry and his primary objective in writing his account was to provide a regimental history Whilst the book serves admirably in that capacity it is also the case that Hitchcock proposed to leave a record of his own Civil War experiences for his family and in that he has been even more successful This is a personal and personable account of a Union officer at war and Hitchcock s descriptions of battlefield combat are particularly immediate and well told We join him and his regiment in camp on campaign and on several bloody fields of conflict including Blue Mountain Antietam Fredericksburg where Hitchcock s experience is a classic account of the horror of the Union charge to Chancellorsville and wars end Available in soft back and cloth bound hard cover with dust jacket head and tail bands and gold foil lettering to the spine ideal for collectors

America's Secret War George Friedman,2005-10-11 George Friedman delivers the geopolitical story that the mainstream media has been unable to uncover the startling truth behind America s foreign policy and war effort in Afghanistan Iraq and beyond Friedman founder of Stratfor one of the world s most respected private global intelligence firms and Geopolitical Futures has an unmatched ability to provide clear perspective on the current geopolitical map In America s Secret War George Friedman identifies the United States most dangerous enemies delves into presidential strategies of the last quarter century and reveals the real reasons behind the attack of 9 11 and the Bush administration s motivation for the war in Iraq It describes in eye opening detail America s covert and overt efforts in the global war against terrorism Not only are U S armies in combat on every continent but since 9 11 the intelligence services of dozens of nations have been operating in close partnership with the CIA Drawing on his vast information gathering network Friedman presents an insightful picture

of today's world that goes far beyond what is reported on television and in other news media Al Qaeda's war plans and how they led to 9/11 The threat of a suitcase nuclear bomb in New York and how that changed the course of the war The deal the U.S. made with Russia and Iran which made the invasion of Afghanistan possible and how those deals affect the United States today How fear and suspicion of the Saudis after 9/11 tore apart the Bush-Saudi relationship and why Saudi Arabia's closest friends in the administration became the Saudi's worst enemies The real reasons behind George W. Bush's invasion of Iraq and how WMD became the cover for a much deeper game How the CIA miscalculated about Saddam Hussein's and Iran's real plans leaving the U.S. bogged down in the war How the war in Iraq began with a ruse pretending that a target of opportunity attack on Saddam Hussein had presented itself The real story about why the U.S. raises and lowers its alert status and why the United States can't find and destroy al Qaeda The strategic successes that are slowly leading the United States to victory America's Secret War is an unprecedented look at the new world war being waged behind the scenes today It is sure to stir debate and capture headlines around the world

The War Inside Michal Shapira, 2013 Groundbreaking study of how British psychoanalysis shaped democracy childhood and the family during and after the Second World War

The Man-of-war's Man's Manual, United States Navy William Freeland Fullam, 1928 **First Lessons in War** Spenser

Wilkinson, 1914 **The Wonder of War at Sea** Francis Rolt-Wheeler, 1919 **Japan's new security partnerships**

Wilhelm Vosse, Paul Midford, 2018-08-17 After decades of solely relying on the United States for its national security needs over the last decade Japan has begun to actively develop and deepen its security ties with a growing number of countries and actors in the Asia Pacific region and Europe a development that has further intensified under the Shinzo Abe administration This is the first book that provides a comprehensive analysis of the motives and objectives from both the Japanese and the partner countries perspectives and asks what this might mean for the security architecture in the Asia Pacific region and what lessons can be learned for security cooperation more broadly This book is for those interested in Japan's security policy beyond the US-Japan security alliance and non-US centred bilateral and multilateral security cooperation It is an ideal textbook for undergraduate and graduate level courses on regional security cooperation and strategic partnerships and Japanese foreign and security policy

US Military Innovation Since the Cold War Harvey Sapolsky, Benjamin

Friedman, Brendan Green, 2009-04-28 This book explains how the US military reacted to the Revolution in Military Affairs (RMA) and failed to innovate its organization or doctrine to match the technological breakthroughs it brought about Many called for the transformation of the US military in the years after the end of the Cold War seeking the changes in organization and doctrine that would complete the RMA innovation and a commitment to counter insurgency peace keeping and nation building missions This volume describes the origins uses and limits of the RMA technologies examines how each of the five US armed services categorising the Special Operations as a separate service made their adjustments both to the technologies and the use of force and how the role of the civilian officials and the defense industry altered in this process of

change and avoidance of change The book examines the internal politics of the services as well as civil military relations to identify the external pressures on the services for significant change in their doctrine and weapons Many have noted the failure of the services to innovate in what can be called the Second Inter war Period the years after the Cold War This book offers explanations for this failure and arguments about the possible range and desirability of military innovation in the post Cold war era This book will be of great interest to students of strategic studies US defence politics military studies and US politics Harvey M Sapolsky is Professor of Public Policy and Organization in the Department of Political Science at MIT and former Director of the Security Studies Program Benjamin H Friedman is a Research Fellow in Defense and Homeland Security Studies at the Cato Institute and a Ph D Candidate in Political Science at MIT Brendan Green is a Ph D Candidate in Political Science at MIT and an affiliate of the Security Studies Program

History of the Manufacture of Explosives for the World War, 1917-1918 William Bradford Williams,1920 The author uses research and pictorial elements to discuss the history of explosive manufacturing in the United States during World War I
