Women's Health Sheryl Burt Ruzek, Virginia L. Olesen,Adele E. Clarke,1997 How well

do national agendas address all women's health care priorities? What are the implications for social action? Particular attention is paid in this collection of essays to how race, class, gender, and culture shape and in turn are shaped by treatment options and health care for certain subpopulations among Native American, Latina, Asian American, and African American women. Discussions of reproductive health, mental health, violence, and the treatment of stigmatized women raise perplexing issues about choice, chance, and social change.

Women's Health Marian C. Condon, 2004. A must-have, user-friendly resource provides all of the essentials of women's health: how to promote it, the societal factors that so greatly impact it, and how to choose wisely among the wide range of health care modalities available. Addressing the physical, mental, and spiritual aspects of health, it offers concrete guidelines for promoting wellness and recognizing illness. Included are discussions of societal factors that influence health and healthcare, as well as controversial issues such as the necessity of surgical interventions. A critique of both traditional and commonly used alternative therapies and remedies provides a complete picture of the health care options available today.

Lao National Survey on Women's Health and Life Experiences 2014, 2015

Women's Health and Wellness Across the Lifespan Ellen Olshansky, 2014-10-07. *Women's Health and Wellness Across the Lifespan* offers the innovative approach to care that today's patients often demand: combining traditional medicine and alternative approaches. It covers women's wellness care and specific issues during puberty through young adulthood, midlife, and old age. In addition, it provides information essential to enabling your patients to achieve their full health potential, covering wellness for special populations, physical activity, and nutrition, oral health, herbal medicine, and pharmacologic approaches, methods to promote healing, healthy sleep, and peaceful dying.
