Simple: Work human. From the pioneers of the management strategy that's transforming businesses worldwide, *Making Work Human* shows how to implement a culture of performance and gratitude in the workplace and seize a competitive edge, increase profitability, and drive business momentum. Leaders of Workhuman, the world's fastest-growing social recognition and continuous performance management platform, Eric Mosley and Derek Irvine use game-changing data analytics to prove that when a workplace becomes more human when it's fueled by a culture of gratitude, measurable business results follow. In *Making Work Human*, they show you how to apply analytics and artificial intelligence in ways that make work more human, not less. Expand equity, diversity, and inclusion initiatives and strategies to include a wider range of backgrounds, life experiences, and capabilities. Use recognition as an actionable strategy to create a truly inclusive, connected culture. The qualities that make us most human—connection, community, positivity, belonging, and a sense of meaning—have become the corporate fuel for getting things done, for innovating, for thriving in the global marketplace, and for outperforming the competition, the authors write. By building a sense of belonging, purpose, meaning, happiness, and energy in every employee, you'll create a profound connection between your organization and its goals. And *Making Work Human* provides everything you need to get there. **The Automation Advantage: Embrace the Future of Productivity and Improve Speed, Quality, and Customer Experience Through AI** Bhaskar Ghosh, Rajendra Prasad, Gayathri Pallail, 2021-12-07 From the global automation leaders at Accenture, the first-ever comprehensive blueprint for how to use and scale AI-powered intelligent automation in the enterprise to gain competitive advantage through faster speed to market, improved product quality, higher efficiency, and an elevated customer experience. Many companies were already implementing limited levels of automation when the pandemic hit. But the need to rapidly change business processes and how organizations work resulted in the compression of a decade's worth of digital transformation into a matter of months. Technology suddenly became the essential element for rapid organizational change and the creation of 360-degree value benefiting all stakeholders. Businesses are faced with the imperative to embrace that change or risk being left behind. In *The Automation Advantage*, global enterprise technology and automation veterans Bhaskar Ghosh, Rajendra Prasad, and Gayathri Pallail give business leaders and managers the action plan they need to execute a strategic agenda that enables them to quickly and confidently scale their automation and AI initiatives. This practical and highly accessible implementation guide answers leaders' burning questions such as: How do I identify and prioritize automation opportunities? How do I assess my legacy systems and data issues? How do I derive full value out of my technology investments and automation efforts? How can I inspire my employees to embrace change and the new opportunities presented by automation? *The Automation Advantage*
