South End Branch, 1883      The Beautiful, Novel, and Strange Ronald Paulson, 2019-12-01 Originally published in 1995 In *The Beautiful Novel and Strange* Ronald Paulson fills a lacuna in studies of aesthetics at its point of origin in England in the 1700s He shows how aesthetics took off not only from British empiricism but also from such forms of religious heterodoxy as deism The third earl of Shaftesbury the founder of aesthetics replaced the Christian God of rewards and punishments with beauty worship of God with a taste for a work of art William Hogarth reacting against Shaftesbury's disinterestedness replaced his Platonic abstractions with an aesthetics centered on the human body gendered female and based on an epistemology of curiosity pursuit and seduction Paulson shows Hogarth creating first in practice and then in theory a middle area between the Beautiful and the Sublime by adapting Joseph Addison's category in the *Spectator* of the Novel Uncommon and Strange Paulson retrieves an aesthetics that had strong support during the eighteenth century but has been obscured both by the more dominant academic discourse of Shaftesbury and later Sir Joshua Reynolds and by current trends in art and literary history Arguing that the two traditions comprised not only painterly but also literary theory and practice Paulson explores the innovations of Henry Fielding John Cleland Laurence Sterne and Oliver Goldsmith which followed and complemented the practice in the visual arts of Hogarth and his followers      **The English Catalogue of Books** Sampson Low, 1926 Volumes for 1898-1968 include a directory of publishers      **The Poets & Writers Guide to the Book Deal**,      *Harper's New Monthly Magazine*, 1888      *Scribner's Monthly* Josiah Gilbert Holland, Richard Watson Gilder, 1878      *The Bookman*, 1897

Literature provides readers with a comprehensive reassessment of the value of humanism in an intellectual landscape. Offering contributions by leading international scholars, this volume seeks to define literature as a core expressive form and an essential constitutive element of newly reformulated understandings of humanism. While the value of humanism has recently been dominated by anti-humanist and post-humanist perspectives which focused on the flaws and exclusions of previous definitions of humanism, this volume examines the human problems, dilemmas, fears, and aspirations expressed in literature as a fundamentally humanist art form and activity. Divided into three overarching categories, this companion will explore the histories, developments, debates, and contestations of humanism in literature and deliver fresh definitions of the new humanism for the humanities. This focus aims to transcend the boundaries of a world in which human life is all too often defined in terms of restrictions, political, economic, theological, intellectual, and lived in terms of obedience, conformity, isolation, and fear. The Routledge Companion to Humanism and Literature will provide invaluable support to humanities students and scholars alike seeking to navigate the relevance and resilience of humanism across world cultures and literatures.
