Virginia Beach is Good. Clean. Fun Virginia Beach (Va.). Department of Convention and Visitor Development,1992

Virginia Beach Amy Waters Yarsinske,2002 Few would guess from looking at the resplendent Virginia Beach shoreline its stretches of fine sand sloping dunes and rolling waves that the city has experienced anything but peace and tranquility since the history of its native Chesapeake tribe collided with the ambition and vision of new European settlers on the colonial coastline But turmoil and conflict as well as progress and achievement are all a part of the area s unique story Virginia Beach A History of Virginia s Golden Shore brings to life the people places and events that contributed to the city s celebrated reputation Through stories and memories readers are introduced to the varied citizens who called this land home including such characters as Sarah Offley who married three of early Virginia s

most powerful settlers and to the city's illustrious visitors. This volume also details in both word and image the influential resort age which began in 1880 and saw the community flourish as people flocked to the Atlantic shore to dance, picnic and enjoy the surf at the Princess Anne Hotel. Everyday vacationers mingled with notables such as Alexander Graham Bell and John Lionel and Ethel Barrymore at the landmark hotel with the railroad at its front door. Although little of the golden shore remains unchanged, modern residents continue to preserve what they can, especially their memories, pride and love for the city.

Virginia Beach in Vintage Postcards Alpheus J. Chewning, 2004

First visited by English settlers in 1607, Virginia Beach has been a popular tourist destination ever since. The sea, sand and sun are the most popular attractions, but throughout history the city has also been known for its unique architecture. The first geodesic dome built in the United States, designed by Buckminster Fuller, was the city's convention center for many years. The Cavalier Hotel, when built in 1927, was the state's largest brick structure. The new Cape Henry lighthouse, completed in 1881, remains the tallest cast iron lighthouse in the country. The lighthouse it replaced, a structure that still stands today, was erected in 1791 and was the first federally funded structure built in the United States.

Virginia Beach Jewel Resort of the Atlantic takes us back in time to the days when the sparkling resort strip of Virginia Beach drew crowds by the train full. This new book takes readers back to the days when there were only summer cottages and inns at Virginia Beach. In days gone by, sea breezes and incomparable landscapes created the backdrop for excursionists and the wild country of Back Bay, Croatan, Sandbridge and Fort Story was untouched. We follow the development of the resort as it changed to include grand hotels, clubs, nightlife and watersports. Readers are invited to take a walk on the boardwalk of yesteryear and follow Virginia Beach through World War II and the big band era to the fabulous fifties and the 1960s when Virginia Beach formally incorporated as a city.
