Visible Worlds:

The Theosophist, 1894 Plotinus on the Appearance of Time and the World of Sense Deepa Majumdar, 2016-04-22
Plotinus c 205-70 was a Neoplatonist philosopher his work posthumously published by Porphyry and divided into six books nine tractates each called the Enneads In this book Majumdar makes a valuable addition to the literature on his work especially Ennead III 7 45 11 13 in particular explaining Plotinus cosmology using the genus species model of soul coordinating the literature on the appearance of time and the cosmos with that on the larger issue of Plotinian emanation and examining the role of *tolema* and the restless nature of soul in this conjoint appearance This book investigates Plotinian emanation its laws of *poiesis* contemplative making and the roles of nature matter logos rational formative principle and contemplation and highlights the subtler details of Plotinus cosmology by disentangling conceptual issues about the nature of soul and self we and their impact on the process of generation of time and the cosmos An Introduction to Metaphysics. Part I. Clement Mansfield INGLEBY, 1864 Philosophical Sufism Mukhtar H. Ali, 2021-07-28 Analyzing the intersection between Sufism and philosophy this volume is a sweeping examination of the mystical philosophy of Mu y l D n Ibn al Arab d 637 1240 one of the most influential and original thinkers of the Islamic world This book systematically covers Ibn al Arab s ontology theology epistemology teleology spiritual anthropology and eschatology While philosophy uses deductive reasoning to discover the fundamental nature of existence and Sufism relies on spiritual experience it was not until the school of Ibn al Arab that philosophy and Sufism converged into a single framework by elaborating spiritual doctrines in precise philosophical language Contextualizing the historical development of Ibn al Arab s school the work draws from the earliest commentators of Ibn al Arab s oeuvre *adr al D n al Q naw d 673 1274 Abd al Razz q al K sh n d ca 730 1330 and Daw d al Qay ar d 751 1350* but also draws from the medieval heirs of his doctrines Sayyid aydar mul d 787 1385 the pivotal intellectual and mystical figure of Persia who recast philosophical Sufism within the framework of Twelver Sh ism and Abd al Ra m n J m d 898 1492 the key figure in the dissemination of Ibn al Arab s ideas in the Persianate world as well as the Ottoman Empire India China and East Asia via Central Asia Lucidly written and comprehensive in scope with careful treatments of the key authors Philosophical Sufism is a highly accessible introductory text for students and researchers interested in Islam philosophy religion and the Middle East **Making Disciples Across Cultures** Charles A. periods When a civilization disappears its heritage does not vanish It survives in different potentially hybrid forms and becomes part of the legacy of humanity Religion and the Invisible World is a broad survey of the development and transformation of interrelated forms of invisibility sanctity and religious beliefs and rituals in Egypt Drawing on forty years of research as an anthropologist historian and Egyptologist el Sayed el Aswad shows how concepts of sacredness and invisibility have been core elements in the spiritual transformations in Egypt as embodied in the early pharaonic religion Egyptian Hellenistic religion Christianity and Islam and how these practices of spirituality and cosmology cut across many divides of ethnicity gender region religion language and social class He draws on available prior ethnographies and descriptions pointing to the invisible world in Egyptian villages and urban settings including dreams rituals trance bodily practices and what a century ago were called survivals By focusing on concepts of invisibility and sanctity this book provides a holistic understanding of the similarities and differences between religious beliefs and rituals that have existed in different historical epochs in Egypt from the Old Middle and New Kingdoms to the contemporary world a span of five thousand years
