that these works are made available to the public in good condition in order to preserve their cultural heritage **Choosing**
Not Choosing Sharon Cameron, 1992 Although Emily Dickinson copied and bound her poems into manuscript notebooks in
the century since her death her poems have been read as single lyrics with little or no regard for the context she created for
them in her fascicles Choosing Not Choosing is the first book length consideration of the poems in their manuscript context
Sharon Cameron demonstrates that to read the poems with attention to their placement in the fascicles is to observe scenes
and subjects unfolding between and among poems rather than to think of them as isolated riddles enigmatic in both syntax
and reference Thus Choosing Not Choosing illustrates that the contextual sense of Dickinson is not the canonical sense of
Dickinson Considering the poems in the context of the fascicles Cameron argues that an essential refusal of choice pervades
all aspects of Dickinson s poetry Because Dickinson never chose whether she wanted her poems read as single lyrics or in
sequence nor is it clear where any fascicle text ends or even how in context a poem is bounded not choosing is a textual issue
it is also a formal issue because Dickinson refused to chose among poetic variants it is a thematic issue and finally it is a
philosophical one since what is produced by not choosing is a radical indifference to difference Extending the readings of
Dickinson offered in her earlier book Lyric Time Cameron continues to enlarge our understanding of the work of this singular
