## **War Reporter:**

The War Correspondent Greg McLaughlin, 2016-02-20 What is the role of the war reporter today Through interviews with prominent war and foreign correspondents such as John Pilger Robert Fisk Mary Dejevsky and Alex Thomson The War Correspondent delves into the most dangerous form of journalism From Crimea to Vietnam the Falklands to the Gulf and Afghanistan Iraq and the War on Terror the book examines the attractions and risks of war reporting the challenge of objectivity and impartiality in the war zone the danger that journalistic independence is compromised by military control censorship and public relations as well as the commercial and technological pressures of an intensely concentrated competitive news media environment As history and ideology return to the reporting of international conflict Greg McLaughlin asks what will that mean for a new generation of war correspondents attuned not to history or ideology but to the politics of the next conflict

**The Woman War Correspondent, the U.S. Military, and the Press** Carolyn M. Edy, 2016-12-13 Honorable Mention recipient for the American Journalism Historians Association Book of the Year Award this book outlines the rich history of more than 250 women who worked as war correspondents up through World War II while demonstrating the ways in which the press and the military both promoted and prevented their access to war Despite the continued presence of individual female war correspondents in news accounts if not always in war zones it was not until 1944 that the military recognized these individuals as a group and began formally considering sex as a factor for recruiting and accrediting war correspondents This group identity created obstacles for women who had previously worked alongside men as war correspondents while creating opportunities for many women whom the military recruited to cover woman's angle news as women war correspondents This book also reveals the ways the military and the press as well as women themselves constructed the concepts of woman war correspondent and war correspondent and how these concepts helped and hindered the work of all war correspondents even as they challenged and ultimately expanded the public's understanding of war and of women

What does a war reporter look like? The public perception of female war reporters, 2021-02-11 Seminar paper from the year 2019 in the subject Cultural Studies Miscellaneous grade 1-7 University of Duisburg Essen language English abstract Female war reporters are still underrepresented in western media it is commonly assumed that the prototypical war reporter is a male correspondent Thus Korte assumed that the profession of embedded reporters is a world determined by men and in public's perception war correspondents are still considered to be rather male than female This paper points out how female war reporters are perceived by western society and interrogates whether Korte's assumption represents reality or not This essay also examines in how far these representations correspond to existing public perceptions regarding female war reporters but also have repercussions for our conception of war correspondents Since the late 19th century a particular public interest in war correspondents has grown Today attention has reached new heights due to public fascination with people who present and organize images of destruction and misery Public interest in the profession of war correspondents

derives from the fact that correspondents deal with socially relevant questions and help to shape people's perception of war they may thus be thought of as essential contributors to the public understanding of military conflicts **The First**

**Casualty** Phillip Knightley, 2004-10-05 The first casualty when war comes is truth said American Senator Hiram Johnson in 1917 In his gripping now classic history of war journalism Phillip Knightley shows just how right Johnson was From William Howard Russell who described the appalling conditions of the Crimean War in the Times of London to the ranks of reporters photographers and cameramen who captured the realities of war in Vietnam The First Casualty tells a fascinating story of heroism and collusion censorship and suppression Since Vietnam Knightley reveals governments have become much more adept at managing the media as highlighted in chapters on the Falklands War the Gulf War and the conflict between NATO and Serbia over Kosovo And in a new chapter on the post 9 11 wars in Afghanistan and Iraq Knightley details even greater degrees of government manipulation and media complicity as evidenced by the embedding of reporters in military units and the uncritical openly patriotic coverage of these conflicts The age of the war correspondent as hero he concludes appears to be over Fully updated The First Casualty remains required reading for anyone concerned about freedom of the press journalistic responsibility and the nature of modern warfare [Encyclopedia of Journalism](#) Christopher H.

*Becoming the Story* Lindsay Palmer,2018-01-31 The September 11 attacks produced great changes in journalism and the lives of the people who practiced it Foreign reporters felt surrounded by the hate of American colleagues for the enemy Americans in combat areas became literal targets of anti U S sentiment Behind the lines editors and bureau chiefs scrambled to reorient priorities while feeling the pressure of sending others into danger *Becoming the Story* examines the transformation of war reporting in the decade after 9 11 Lindsay Palmer delves into times when print or television correspondents themselves received intense public scrutiny because of an incident associated with the work of war reporting Such instances include Daniel Pearl s kidnapping and murder Bob Woodruff s near fatal injury in Iraq the expulsions of Maziar Bahari and Nazila Fathi from Iran in 2009 the sexual assault of Lara Logan and Marie Colvin s 2012 death in Syria Merging analysis with in depth interviews of Woodruff and others Palmer shows what these events say about how post 9 11 conflicts transformed the day to day labor of reporting But they also illuminate how journalists work became entangled with issues ranging from digitization processes to unprecedented hostility from all sides to the political logic of the War on Terror

**Inappropriate Conduct** Don North,2013-01-09 I went in behind the lines and emerged as a kind of agent I went in as a reporter and came out a kind of soldier I sometimes wish I had never gone in at all Paul Morton War correspondents have long entered combat zones at great personal risk determined to capture the conflict for those on the home front But during World War II Toronto Star journalist Paul Morton found himself not just reporting the war but fighting his own personal battle in a shocking turn of events that led to disastrous consequences for his career Morton volunteered in 1944 to parachute behind Nazi lines and report on the guerrilla war being waged by Italian partisans But after he spent two months writing a series the British Army changed its battle strategy and ordered stories on the partisans to cease Mortons stories were spiked and he was discredited as a correspondent Morton was subsequently fired by the Toronto Star after they unfairly claimed his reporting was fabricated Eye opening and gripping *Inappropriate Conduct* shares the dramatic true story of how Morton became the target of a ruthless campaign that shattered his journalistic integrity and his career Journalist Don North captures Mortons experiences from the beginning using Mortons previously unpublished memoir and archival sources to create a seamless powerful narrative that speaks to the tenuous relationship between the truth and propaganda during war
