The Schools We Need E.D. Hirsch, Jr.,1999-08-17 This paperback edition with a new introduction offers a powerful compelling and unassailable argument for reforming America s schooling methods and ideas by one of America s most important educators and author of the bestselling *Cultural Literacy* For over fifty years American schools have operated under the assumption that challenging children academically is unnatural for them that teachers do not need to know the subjects they teach that the learning process should be emphasized over the facts taught All of this is tragically wrong Renowned educator and author E D Hirsch Jr argues that by disdaining content based curricula while favoring abstract and discredited theories of how a child learns the ideas uniformly taught by our schools have done terrible harm to America s students Instead of preparing our children for the highly competitive information based economy in which we now live our schools practices have severely curtailed their ability and desire to learn With an introduction that surveys developments in education since the hardcover edition was published *The Schools We Need* is a passionate and thoughtful book that will appeal to the millions of people who can t understand why America s schools aren t educating our children

Building Background Knowledge for Academic Achievement Robert J. Marzano,2004 The author of *Classroom Instruction That Works* discusses teaching methods that can help overcome the deficiencies in background knowledge that hamper many students progress in school *Multicultural and Ethnic Children's Literature in the United States* Donna L. Gilton,2007 This book describes the history and characteristics of ethnic and multicultural children s literature in the U S as well as related materials published elsewhere It relates in great detail the people businesses organizations and institutions that create disseminate promote critique and collect these materials Author Donna Gilton gives a detailed history of U S multicultural and ethnic children s literature throughout several historic periods relating these developments to general social and political U S history Chapters illustrate characteristics of U S multicultural children s books the major issues in the field and multicultural initiatives and mainstream responses while also providing outlines of research possibilities in the field and suggesting other groups of people who should be emphasized more in the future In doing all this *Multicultural and Ethnic Children s Literature in the United States* brings together valuable and scattered

Vandergrift, 1994 Recording for the Blind & Dyslexic, ... Catalog of Books , 1996 Curriculum Books William Henry Schubert, 2002 A substantial revision of Curriculum Books The First Eighty Years this new volume is a comprehensive presentation of curriculum books that have contributed to theoretical and practical discourse about curriculum throughout the twentieth century Following an introduction that explains the book s purpose and how it was constructed the authors present each decade in a chapter that provides contextual reminders about the social political and cultural events of the time period discussion of salient events in curriculum discourse and a comprehensive bibliography by year of curriculum books More than 3 000 curriculum books are weaved into this presentation The original and updated conclusions are offered to provide interpretative perspective on curricular trends state of the field and possibilities for the future of curriculum studies Publisher description *Cultural Amnesia* Stephen Bertman, 2000-02-28 Applying the metaphor of Alzheimer s disease to our national state of mind Bertman offers a chilling prognosis for our country s future unless radical steps for recovery are taken He looks beyond the classroom to the larger social forces that conspire to alienate Americans from their past a materialistic creed that celebrates transience and disposability and an electronic faith that worships the present to the exclusion of all other dimensions of time Jacket *Library Journal* , 2001 *Children and Their World* David A. Welton, John T. Mallan, 1999 Designed for preservice teachers this text consolidates social studies content into a framework for practical instruction and lesson planning It places social studies in a thoroughly modern context and explores how such factors as language diversity and standards at the local state and national level affect teachers The text retains its hallmark features such as model unit lessons teacher tested activities technology updates and authentic children s work and the Resource Handbook serves as a valuable tool for on the job use The emphasis on current topics includes coverage of constructivist learning cooperative learning service learning character education and the teaching of children with limited English proficiency Specific examples from the NCSS help

students connect standards to the model lessons and activities presented in the text *Subject Guide to Children's Books in Print 1997* Bowker Editorial Staff, R R Bowker Publishing, 1996-09 Introduction to Teaching Donald P. Kauchak, Paul D. Eggen, 2005 The second edition of the best selling case based introduction to teaching text *Introduction to Teaching: Becoming A Professional* is organized around three themes Professionalism Reform and Decision Making which provide the threads that bind the topics of the chapters together As the only case based introduction to teaching text each chapter begins with a case study that provides a framework for the discussions that follow and helps the reader understand how chapter topics relate to the real world of teaching NEW Expanded emphasis on decision making as a critical aspect of professionalism is introduced as a theme in Chapter 1 and further developed at the end of each chapter in a section titled Decision Making Defining Yourself as a Professional In this section students are asked to think about personal and professional decisions that will influence the kinds of teachers they will be NEW Expanded development of professionalism in Chapter 1 also includes discussion of INTASC principles Praxis II and professional portfolios and continues throughout each chapter to help students understand what professionalism means and how it is connected to classroom planning and practice NEW Praxis Practice a case based end of chapter feature helps students prepare to successfully pass the Praxis II exam Readers can submit their responses and receive feedback on our companion website NEW Chapter case studies and corresponding icon are reformatted to help readers identify and more easily make the connection between the cases chapter content and classroom application Continued in this edition are the popular features Reflect on This Teaching in an Era of Reform and Exploring Diversity which encourage the readers to visit the companion website for further research and applications

International Journal of Educational Reform, 1997 **Skills for Success for Your Third Grader** Frank Schaffer Publications, Glenda Frasier, 1997 **Teaching Elementary Social Studies** James A. DuPlass, 2008 Written for the elementary social studies methods course this interactive program combines features of a textbook and a workbook with thorough integration between the print text and a dynamic web site Increasingly majors in elementary education if not the population at large are more attuned to reading interactive material with relatively brief narrative bulleted items text boxes and targeted messages like web pages rather than traditional denser text To accommodate these preferences the layout of the print text features a larger than usual font an 8 x 11 trim size and spiral binding and the content includes an abundance of bulleted lists shaded text boxes and contemporary graphics The program's interactive approach and flexibility allow the professor to model the kinds of teaching principles and practices that students will want to use in their own elementary school classrooms These principles and practices are integrated throughout the text and include a focus on active learning strategies application of constructivist principles focus on Big Ideas and thinking skills use of the Internet and modeling of Best Practices and Performance based assessments based on INTASC and NCATE standard Thus the book will serve as a springboard for classroom activities web site explorations and or instructor led activities
