2025 Edition Weight Loss:

Nourishing Scotland Pete Ritchie, 2026-05-13 This book delves into Scotland's evolving food system uncovering the challenges of change tracing food policy progress since devolution in 1999 and envisioning bold strategies for the next 25 years Food system transformation is a key global challenge for this century This challenge is evident in Scotland where plentiful food co exists with food insecurity where food waste appears intractable and farm animal welfare is compromised and where the food system in its current form is incompatible with meeting national and global goals for climate and nature Written by a food policy insider this book discusses what a single country can do to tackle these problems and contribute to wider change The book is grounded in a right to food perspective and describes both the necessity of and the opportunity for a repurposing of the food system from a focus on commodity production and trade to a focus on nutrition equity and environmental restoration It challenges some of the faulty maps still in use which are a poor guide to food system change such as the idea that Scotland's priority is to feed the world that food redistribution has a significant impact on either waste or poverty or that educating people to make better choices is an effective strategy It argues for more assertive governance of Scotland's food system both by national and local governments using the new duties set out in Scotland's 2022 Good Food Nation Act This should include active engagement of civil society in keeping with the Scottish approach of collaborative policymaking The book focuses on Scotland's food policy journey while recognising the transferability of this experience to other subnational contexts drawing on the author's experience as a key participant in that journey over the last 15 years This book will be of great interest to students scholars and policymakers interested in food and agricultural policy as well as those interested in sustainable food systems public health and social policy more widely **Fitness Professional's Handbook**
