Hybrid Work Ideas:

Spaces for Creativity and Innovation Within and Across Organizational Boundaries Amalya L. Oliver, Jörg Sydow, Patrick Cohendet, 2025-04-07 This volume contains an Open Access chapter Delving into how creativity and innovation with new knowledge products or processes takes place while crossing organizational boundaries into in between spaces chapters showcase new organizational theoretical approaches that emerge from social interaction spaces *Agile Processes in Software Engineering and Extreme Programming - Workshops* Philippe Kruchten, Peggy Gregory, 2023-12-27 This open access book constitutes papers from the research workshops presented at XP 2022 and XP 2023 respectively the 23rd and 24th International Conferences on Agile Software Development held on June 13 17 2022 at the IT University of Copenhagen Denmark and June 13 16 2023 in Amsterdam Netherlands XP is the premier agile software development conference combining research and practice It is a unique forum where agile researchers practitioners thought leaders coaches and trainers get together to present and discuss their most recent innovations research results experiences concerns challenges and trends XP conferences provide an informal environment to learn and trigger discussions and welcome both people new to agile and seasoned agile practitioners In 2022 the following workshops took place 3rd International Workshop on Agility with Microservices Programming 2nd International Workshop on Agile Sustainability Agile and Education In 2023 six workshops were held Workshop on Organisational Debt and Large Scale Agile Workshop on Software Intensive Business Workshop on Global and Hybrid Work Workshop on Fear Based Agile Transformation Workshop on AI assisted Agile Workshop on Agile Quantum Software Engineering In 2022 6 workshop papers were accepted for publication in these post proceedings out of 11 submissions and in 2023 15 papers were accepted for publication out of 38 submissions **Agile Processes in Software Engineering and Extreme Programming - Workshops** Sibylle Peter, Martin Kropp, Torgeir Dingsøyr, Clare Dillon, Philipp Diebold, Deepti Jain, Maria Ilaria Lunesu, Andrea Pinna, 2025-11-30 This open access book constitutes revised selected papers from the workshops and the poster track held at the 26th International Conference on Agile Software Development XP 2025 which took place in Brugg Windisch Switzerland during June 2 5 2025 XP is the premier agile software development conference combining research and practice The main ambition of the co located workshops was to foster collaboration generate new insights and advance the field of agile software development The 2 full papers and 10 short papers included in these proceedings were carefully reviewed and selected from a total of 35 submissions to the workshops and the poster track They were organized in topical sections as follows AI and Agile Software Development From Frustration to Success The Third International Workshop on Global and Hybrid Work in Software Engineering GoHyb Towards a Closser Collaboration between Practice and Research in Agile Software Development What we learnt and what not Posters **Handbook of Talent Management and Learning Organizations** Muhammad Waseem Bari, Francesca Di Virgilio, 2025-02-19 This handbook contributes to the advanced knowledge of talent management and learning organizations in the post pandemic era

It provides new insights and contributions to the existing literature on business organizations through the dissemination of information as well as empirical pieces of evidence from various parts of the world. The focus of this handbook is on advancing talent management strategies and learning organizations through knowledge sharing on various platforms, geographical locations, and diverse groups of intellectuals having diversified experience, knowledge, and expertise. It also focuses on innovation and creativity based on global competition, advanced communication and management technologies, and on changing customers' behaviors and needs in the post-pandemic era. The Handbook of Talent Management and Learning Organizations: A Post-Pandemic Perspective explores theoretical and empirical artifacts and different approaches to enhance the understanding of the relationship between talent management and learning organization. It provides solutions to managers and consultants who are facing problems while managing talent due to workplace changes post-pandemic and shows the connection between innovation and creativity as talent management enhances organizational learning, knowledge sharing, culture, innovation capabilities, and creativity. The handbook also offers strategies and solutions to manage talent virtually and presents future research directions and solutions to contemporary issues related to talent management and learning organizations moving forward. This handbook targets graduate students, research scholars, practitioners, employees, consultants, corporate bodies, and technocrats. It will be very helpful to managers and consultants who are facing problems with managing talent due to workplace changes after the pandemic.

Industrial Sports and Recreation, 1955
De Gruyter Handbook of Media Technology and Innovation Richard A. Gershon, 2025-01-27
The De Gruyter Handbook of Media Technology and Innovation brings together scholars from around the world to provide key insights on emerging technology trends and issues related to the fields of media management, information technology, product design, planning, and digital lifestyle. This handbook is about the power of good ideas. It's about those business enterprises, government planners, educators, and entrepreneurs that have harnessed the power of good ideas to become real difference makers in the world we live in. Keeping pace with fast-paced technology change requires ongoing assessment and reassessment of the media management and technology fields to address important questions and emerging issues. A major premise of this book is that given the complex and ever-changing state of media technology, we have a responsibility and obligation to engage in a broader interdisciplinary dialogue whose purpose is to understand the current and future state of media technology and innovation, as well as to appreciate the social impact that such technologies have on business, education, and the general public. Forecasting the future, as any weatherperson or stock broker can tell you, is a risky business. But in this book, we use the phrase "the creative next step" as a way to talk about the future and what we can expect in terms of the opportunities and challenges going forward.
