**The King's Own** Frederick Marryat, 2020-08-23 There is perhaps no event in the annals of our history which excited more alarm at the time of its occurrence or has since been the subject of more general interest than the Mutiny at the Nore in the year 1797 Forty thousand men to whom the nation looked for defence from its surrounding enemies and in steadfast reliance upon whose bravery it lay down every night in tranquillity men who had dared everything for their king and country and in whose breasts patriotism although suppressed for the time could never be extinguished irritated by ungrateful neglect on the one hand and by seditious advisers on the other turned the guns which they had so often manned in defence of the English flag against their own countrymen and their

own home and with all the acrimony of feeling ever attending family quarrels seemed determined to sacrifice the nation and themselves rather than listen to the dictates of reason and of conscience Doubtless there is a point at which endurance of oppression ceases to be a virtue and rebellion can no longer be considered as a crime but it is a dangerous and intricate problem the solution of which had better not be attempted It must however be acknowledged that the seamen on the occasion of the first mutiny had just grounds of complaint and that they did not proceed to acts of violence until repeated and humble remonstrance had been made in vain

*The King's Own* W. Marshall,2017-05-16 The King's Own are as feared as they are ruthless doing all of those hard and sometimes terrible things necessary to ensure the safety of the realm Owing allegiance to the King alone they are his spies his assassins and his advisors They exist to walk in the shadows to enforce the King's will to change the course of entire wars and to root out dissenters They live without family in service to the crown unknown and unsung A young man conscripted to fight in a war far away from home Blood and loss tempered with hope and a vow Recruited into the King's Own he must learn quickly to do whatever it takes to serve the kingdom so that others can live their lives in relative peace and safety But just how far will he go to keep his oath especially when the King is murdered
