Ruffin, 2015-05-01 Discover the mysterious controversial and sometimes downright eerie history of flights that didn't end as planned The history of aviation is full of accounts of history's most spectacular flights But what about the ones from which someone failed to return A celebrated millionaire who also happened to be the world's foremost aviator lifted off in a small plane one clear morning in 2007 and disappeared The glamorous son of a beloved fallen president took off on a hazy summer night in 1999 and plunged himself and two others into the Atlantic Ocean A US Navy blimp landed one Sunday morning in 1942 in the middle of a city street in California with no one aboard Some of these non-returns occurred because of errors in judgment

others were intentional and some resulted from causes still unknown Get the full meticulous account of the fascinating people involved in these flights the mistakes they made and the ways in which their flight of no return affected the world Pilot and aviation writer Steven A Ruffin covers the entire 230 year span of manned flight in all types of aircraft through war and peace Balloons blimps biplanes jets and spaceships have all suffered mishaps over the years Don t miss the mystery adventure intrigue and a sprinkling of the supernatural and extraterrestrial in Flights of No Return *Weekly World News*, 1990-05-08 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub [www.weeklyworldnews.com](http://www.weeklyworldnews.com) is a leading entertainment news site **Music Trade Indicator**, 1925 **Time** Briton Hadden, Henry R. Sherwood, 1928 **The Mystery of the Lady Be Good** Charles River Editors, 2017-10-04 Includes pictures Includes accounts of the Lady Be Good s fateful mission Includes online resources and a bibliography for further reading Things pretty well mixed up Got lost returning out of gas jumped landed in the desert at 2 a m in the morning Excerpt from a log kept by 2nd Lieutenant Robert F Toner of the Lady Be Good Nazi Germany s North African defeat opened up the possibility of taking the war in the west to the European continent for the first time since France s lightning conquest by the Wehrmacht in 1940 The British and Americans debated the merits of landing in France directly in 1943 but they ultimately opted against it The Soviets railed at the Westerners as bastards of allies conveniently forgetting that they aided and abetted Hitler s violent expansionism in eastern Europe for over a year starting in 1939 but a 1943 D Day style landing in France might have proven a strategic and logistical impossibility Complex reasons lay behind England s successful insistence on the Mediterranean theater rather than the French theater as the scene of the next western Allied strike against Nazi Germany Chief among these remained Britain s determination to keep a postwar empire one that Churchill and his cabinet hoped would include Iraq and Iran the source of oil needed to ensure that England continued to rule the waves with a powerful modern navy This strategic imperative indeed formed the backbone of the British choice of Sicily as the target for military operations in the summer of 1943 Naturally the preparations also included bombing missions over Italy ahead of an amphibious landing and on April 4 1943 one of the planes that took off from Libya to bomb Naples was the Lady Be Good a B 24D Liberator bomber with a crew that had never flown a combat mission The operation which included over a dozen planes was undone by poor flying conditions almost from the start and the Lady Be Good never even made into formation with the others attacking Naples thus flying out the mission on its own Around midnight pilot 1st Lt William J Hatton radioed for

directions back to base but after that the plane and its crew were never heard from again A search and rescue effort found nothing and it would be over a decade before the remains of the plane which many assumed went down in the Mediterranean was found deep in the desert over 400 miles away from the base The mystery further deepened when no human remains were found at the crash site which suggested the crew had bailed out of the plane Eventually the remains of several members of the crew were found and it led to the stunning discovery that multiple survivors undertook a desperate journey to safety before perishing in the desert one that was actually documented in some of the men s diaries The government s Mortuary Affairs concluded The aircraft flew on a 150 degree course toward Benina Airfield The craft radioed for a directional reading from the HF DF station at Benina and received a reading of 330 degrees from Benina The actions of the pilot in flying 440 miles into the desert however indicate the navigator probably took a reciprocal reading off the back of the radio directional loop antenna from a position beyond and south of Benina but on course The pilot flew into the desert thinking he was still over the Mediterranean
