The Last Obsession:

The Last Shah Ray Takeyh, 2021-01-26 The surprising story of Iran's transformation from America's ally in the Middle East into one of its staunchest adversaries. Offering a new view of one of America's most important, infamously strained and widely misunderstood relationships of the postwar era, this book tells the history of America and Iran from the time the last shah, Mohammad Reza Pahlavi, was placed on the throne in 1941 to the 1979 revolution that brought the present Islamist government to power. This revolution was not, as many believe, the popular overthrow of a powerful and ruthless puppet of the United States; rather, it followed decades of corrosion of Iran's political establishment by an autocratic ruler who demanded fealty but lacked the personal strength to make hard decisions and ultimately lost the support of every sector of Iranian society. Esteemed Middle East scholar Ray Takeyh provides new interpretations of many key events, including the 1953 coup against Prime Minister Mohammad Mossadegh and the rise of Ayatollah Ruhollah Khomeini, significantly revising our understanding of America and Iran's complex and difficult history. **The Last Good Day** Peter Blauner, 2011-03-29

When a decapitated corpse washes up on the banks of the Hudson River, a New York suburb is sent into an uproar. Commuters waiting for the morning train into Manhattan in the small Hudson River town of Riverside are the first to see the body. She drifts out of the river, naked and headless, shocking the onlookers before they board their train to work. Riverside Police Chief Harold Baltimore can't get away from her so easily. A black chief in a white town, he's new to his job and not at all sure he's suited to it. At first, it looks like a routine mob murder, but when one of his detectives identifies the corpse as a local woman, the news rocks quiet little Riverside, and the town won't ever be quiet again. This ebook features an illustrated biography of Peter Blauner, including rare photos and never-before-seen documents from the author's personal collection.

The Last Division Ann Tusa, 2018-11-13 A brilliant paper chase, an excellent book. Library Journal. JFK, Khrushchev, Reagan, and a city divided. Berlin has played a major role in world politics since the Nazi era and continues to be in the spotlight today as the once again great capital of Germany. Ann Tusa presents an engaging chronicle of the Cold War partitions of this historic city, from the political strife and administrative division by the victors against Hitler through the building and eventual destruction of the Wall. Using newly available documents, she offers by far the fullest account to date of the political, diplomatic, and military affairs of the city, with vivid characterizations of central figures like Konrad Adenauer, Nikita Khrushchev, and British Prime Minister Harold Macmillan. Tusa's account also displays the full drama surrounding the building of the Wall, from its ramifications for world politics, including John F. Kennedy's famous response that a wall is a hell of a lot better than a war, to Ronald Reagan's iconic "Mr. Gorbachev, tear down this wall," to the experiences of ordinary Berliners and the personal tragedies they experienced as the Wall severed a living city and sundered families for generations. The result is a startling combination of historical detail and lucid style, a story that *The Sunday Times* of London has hailed as not only painstakingly researched but eminently readable. **Come Back Claire**
